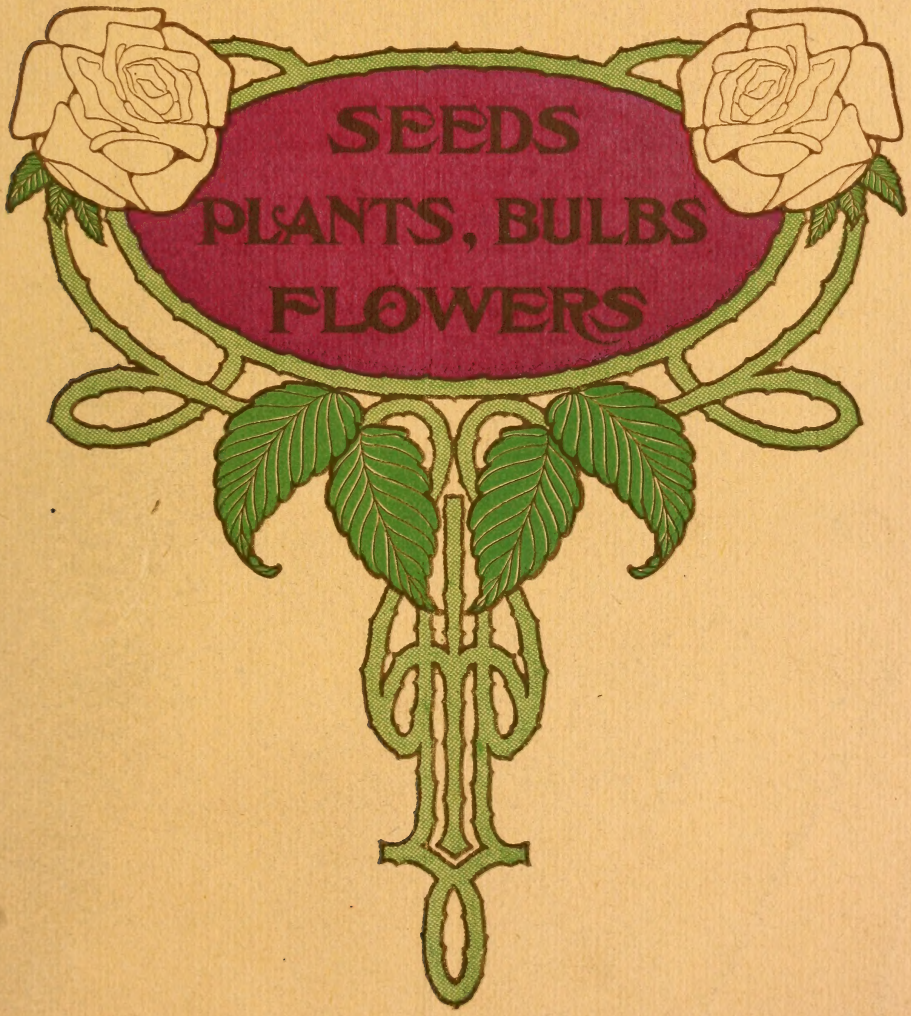
L·P·BUTLER & CO.

MONADNOCK GREENHOUSES



103 WINCHESTER ST.
KEENE, N.H.

1908 We again present our annual catologue, with our best wishes for happiness and prosperity to our customers for the coming year. Our endeavors for the future, as they have been in the past, will be to offer our customers the best of the older tested varieties of seeds and plants as well as the most promising of the newer sorts. Our prices have been cut to the lowest point possible consistent with the high quality and carefully selected strains. We feel sure no seedsman can offer better strains than our specialties in Pansies, Asters, Petunias, Primulas, Nasturtiums, Sweet Peas, etc. Thanking our customers for their support in the past and soliciting a continuance of same, we remain,

February 1, 1908. LOUIS P. BUTLER & CO.

COUPON COLLECTION.

Please notice that in addition to all other premiums and discounts every customer who sends in a seed order for $1.00 or more is entitled to the special "Coupon Collection" by enclosing coupon with their order.

SEND US NAMES OF YOUR FRIENDS.

We enclose slip for sending the names of some of your friends who use plants and seeds. If you will fill this out and send with your first order, we will be pleased to include with your order our "Special Collection" of seeds. But be sure to send us only names of those who buy seeds aud plants and who would be likely to be interested in same.

"PENNY PACKETS."

We have had many calls in the past for good seed put up in cheap form for school garden and mission work. These seeds are put up especially for this purpose. The packets are good size, the seeds fresh and of good germinating qualities, and the product from them is as good as from any five-cent papers. They are put up in handsome lithographed packets, full size, and with cultural directions and handsome colored lithograph of each variety. We put up twenty-five varieties each of vegetable and flower seeds of the easiest growing and most popular varieties, and we offer these at the uniform price of one cent per packet, but no amount less than 100 packets sold to any one person. We do not pay delivery charges on same, express or mail charges being paid by receiver. In the case of schools where it is desired to have each pupil select their own list of seed, we furnish order sheets especially for this purpose and each scholar's seeds will be packed separately. Samples will be gladly furnished if stamp for postage is enclosed, or we will mail a complete set either of the twenty-five varieties of flower seeds or twenty-five varieties of vegetable seeds for 25 cts. each, or 50 cts. for both collections.

DISCOUNTS.

DISCOUNT ON PLANTS. Persons sending $1 may select plants at catalogue prices amounting to $1.20; for $2, select $2.45; for $3, select $3.75; for $4, select $5.15; for $5, select $6.50; for $7, select $9.40; for $10, select $13.50. This discount is only on single plants, and not on any special list in Catalogue, nor upon any plants quoted by dozen or hundred, nor on collections, also no discount on Strawberry plants, Raspberry bushes or Asparagus roots quoted by the dozen or hundred.

DISCOUNT ON SEEDS. Persons sending 50 cents may select seed at catalogue prices amounting to 65 cents; for $1, select $1.40; for $2, select $3.00; for $3, select $4.70; for $4, select $6.50; for $5, select $8.50; for $10, select $18.00. The above discount applies only to seeds in packets, not to flower or vegetable seeds by the ounce or pound.

Novelties and Specialties in Plants.

CARNATION.

Winsor. This beautiful new sort is a clear silvery shade of pink intermediate between "Enchantress" and "Lawson," a most beautiful color. It is very floriferous, the extra large flowers being borne on stiff wiry stems. The plant is vigorous, of good habit and healthy growth. A variety whose all-round good qualities will recommend it to everyone.

Price 20 cts.

☞For other varieties Carnations see page 12.

CARNATION, WINSOR.

GLOXINIA.

Blue Ribbon Monadnock. Easily grown, and blooms constantly until autumn, when they should be allowed to die down, and the pots kept dry in some warm place until spring, when the bulbs can be started into growth again. Any good soil will grow them, but will do best in compost of one-half good loam, balance equal parts old manure and leaf mould. In potting, allow top of bulb to stand just above the soil — water but little until growth commences. Our strain of these is magnificent, and in a mixture of the grandest colors, all in the "Crassifolia" varieties, which is the strongest growing strain known, being characterized by short, shapely foliage, over which the flowers hold themselves very erectly. Price, in colors, *red*, *white*, *blue or spotted*, large bulbs, 20 cts., the four for 75 cts.; fine mixed, strong bulbs, 15 cts., four for 50 cts.

NEW FERN, NEPHROLEPIS WHITMANII.

In this splendid new Fern we undoubtedly have the most valuable of the Ostrich Plume type yet introduced. It is of dwarf compact habit, the pinnae of the fronds being very deeply divided gives the plant a very graceful, elegant appearance. Very strong growing, filling the pot in a very short time. Nothing could be more charming for the table than this fine variety. Price 25, 50, 75 cts. and $1.00, according to size. ☞ For other varieties of Ferns see page 15.

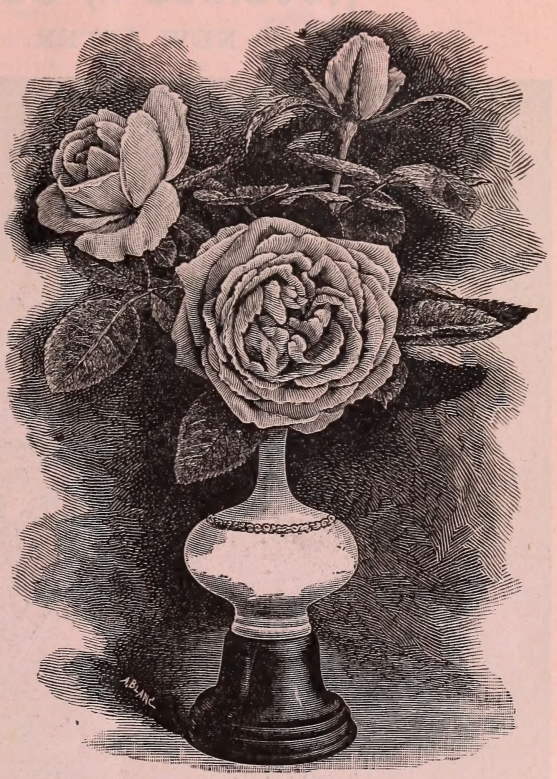
CALLA, MRS. ROOSEVELT.

NEW YELLOW CALLA.

Mrs. Roosevelt. The flowers of this beautiful novelty are light clear yellow, produced very freely on long stems. Foliage deep rich green, distinctly and freely blotched with white, making the plant very effective for banking, massing and other forms of decoration, and more distinct and showy than Fancy Caladiums for many purposes. Especially fine for planting outside in same manner as a Dahlia or Gladiolus, and lifting in fall and storing until time to plant the following spring. We offer extra large flowering bulbs, 25 cts. each, smaller, 20 cts.

NEW ROSE.

Lady Battersea. This new Hybrid Tea Rose has oval pointed buds of the largest size, and very striking in form, the color is a beautiful bright cherry crimson, the stems are stiff and extremely long; a vigorous healthy grower and very free blooming. The blooms are quite full, for that reason keeping a good length of time. A new distinct Rose of great merit. Price 20 cts.
For other Roses see page 22.



ROSE, LADY BATTERSEA.

NEW LOBELIA.

Kathleen Mallard. A beautiful distinct new variety originating from a chance seedling. A most beautiful shade of intense blue and the double extra large flowers almost smother the plant with bloom, the size of the flowers reaching three-fourths of an inch in diameter. A remarkably charming plant. Price 25 cts.

NEW PALM.

Phœnix Roebelinii. This variety is creating a sensation amongst plant lovers. Of a delicate graceful beauty comparable to the "Cocos Weddeliana" yet withal as hardy as a "Kentia" these two points alone will make it one of the most popular varieties for table or room decoration. The plant is of vigorous, healthy growth, and its gracefully recurving leaves, with very narrow dark green pinnae give the whole plant a graceful airiness and lightness unsurpassable. Has won unbounded praise wherever seen and will prove one of our most popular decorative plants.

Price small plants, 35 cts.

SPECIAL NOTICE.

On account of the local heavy rush for floral work Memorial Day, we will be unable to fill shipping orders for anything except flowers between May 28 and May 31. If plants or seeds are wanted before Memorial Day, orders must be sent so they can be filled before May 28.

Novelties in Seeds.

NEW ASTER.

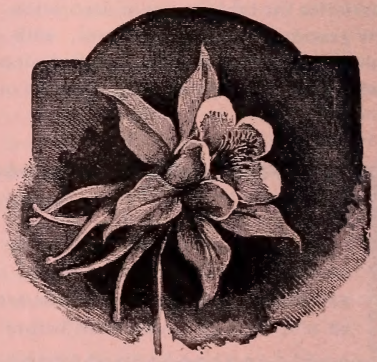
ASTER, TRIUMPH OF PARIS.

Triumph of Paris. This new Giant Comet Aster is of pyramidal habit growing two to two and one-half feet high and producing extra large flowers four and one-half to six inches across with long pure white outer petals in the center of which the quilled disk florets form a bright golden yellow wreath. The French Horticultural Society awarded a first-class certificate to this novelty on Aug. 29, 1907. A most striking handsome new variety. Price 15 cts. per packet. ☞ For other Asters see under Seed Department.

NEW COLUMBINE.

Rose Queen. This splendid novelty attains a height of twelve to fourteen inches. Freely branching and with the characteristic elegant Columbine foliage, the plants produce on long slender stalks, a great profusion of graceful long spurred flowers of light and dark rose color with white centers and yellow anthers, a most delicate and beautiful combination of color. A lovely, pretty new variety. Price per pkt. 15 cts.

HILLSBORO, N. H., April 30, 1907.—*L. P. Butler & Co.* Dear Sirs: The plants I had from your house last season were beautiful, the double Petunias were a marvel. Very truly, MRS. JOEL TEMPLE.



COLUMBINE, ROSE QUEEN.

NEW TEN WEEKS STOCK.

Gloriosa. This sort is very early. A strong robust, shapely growing plant with very double beautifully formed flowers which first open salmon colored, later turning to bright carmine rose of a very vivid color. By sowing seed early blooms may be obtained surprisingly early in the season. The flowering season lasts an exceptionally long time making this new variety especially valuable for cut flowers.

Apricot. Habit, form of flower, and general good qualities are the same as above variety, but the color is apricot color similar to the well known Tea Rose Gloire de Dijon.

Price per pkt., either above sorts, 15 cts.

ENFIELD, N. H., May 24, 1907 —*L. P Butler & Co.* Dear Sirs: Your plants reached me in fine condition, think they are something elegant. Yours truly, MRS. L. J. MOODY.

ORANGE, MASS., May 10, 1907.—*L. P. Butler & Co.* Gentlemen: I am always successful when I plant your seed and take pains to recommend them to others. Yours truly, M. AUGUSTA CLAPP.

STOCK, GLORIOSA.

NEW ANTIRRHINUM.

NEW ANTIRRHINUM, DAPHNE.

Daphne. An extra fine novelty. This new dwarf sort is especially fine. The flowers are a pleasing combination of colors, being deep carmine rose the lower lip suffused with white and the throat pure white. This delicate coloring produces a most fascinating effect and in combination with the bright green foliage renders the plant an excellent one for groups or cutting. Price per pkt. 10 cts.

New Gladiolus, "Praecox." After years of selection this new strain has been produced. The seed if sown the first of March to middle of April will bloom as early as middle of July to middle of August. After the middle of August they look as large and vigorous as though they had been planted from bulbs. The seedlings are very easily transplanted and grow very upright and vigorous, the flower stalks having a length of eighteen to twenty inches at first, gradually growing longer as plants become older. The flowers are large with mostly wide open throats, the coloring being very rich, having almost all the colors that exist amongst Gladiolus. Price 15 cts.

BRIDAL WREATH.

BRIDAL WREATH.

Francoa Ramosa Hybrida. Although not a new variety, it is not until recently that it has been possible to offer seed to the public in any amount. It is a perpetual bloomer from the end of June until late in autumn. The foliage forms a pretty green rosette out of the center of which the long flower stems appear. Each stem bears about fifty to sixty delicate, dainty pure white florets. The sprays when cut last well and are especially pleasing as cut flowers.

Price per pkt. 10 cts.

New Alyssum, *Little Dorrit.* This is a grand improvement on that well known variety "Little Gem," being much more compact. This new variety forms a perfect little bush with the miniature white rocket flowers piled one above the other until the whole plant is one mass of white. A perfect gem for borders or beds.

Price 10 cts.; oz. 50 cts.

NEW COLEUS.

Bizarre. A very strikingly odd and unique type. A vigorous robust grower with large oddly shaped leaves richly variegated in many different combinations. Some will be vividly copper colored as well as fiery red and pink shades, again there will be peculiar combinations of colors such as purple, brown, violet and the brightest carmine such as will not be found in any of the older sorts. Like all Coleus they are easily grown from seed and if started early they will develop very quickly and make a fine show all summer long.

Price per pkt. 15 cts.

WARREN, N. H., May 3, 1907.—*L. P. Butler & Co.* Dear Sirs: My plants arrived in splendid condition and have not even wilted. Thank you for the one sent "Gratis."

Very truly, EMMA B. STETSON.

NEW COLEUS, BIZARRE.

SALVA SPLENDENS (Scarlet Sage).

Glory of Stuttgart. A beautiful variety, neat and compact in growth with rich green foliage, the intense bright scarlet flowers being borne in great profusion offering a beautiful contrast to the green of the foliage. **Chretien.**—This is the earliest variety yet produced, beginning to bloom early in July. Has grand panicles of bloom, and its size, bright scarlet color, and earliness will cause it to be largely planted. Grown in masses it is magnificent. **Bonfire.**—Grows in a compact bush about two feet high. Its erect spikes of brilliant scarlet stand clear above the dark green foliage and completely covers the plant. Very effective and gorgeous in masses. Price any of above varieties 10 cts. each; 3 for 25 cts.; 75 cts. per doz.

SALVIA, CHRETIEN

If you want a most brilliant display for your garden or lawn, try a few plants of Salvia. We sell more and more of these for bedding every year. A bed in late summer and autumn will make a blaze of color which will eclipse everything else.

CHRYSANTHEMUM, BRIDAL ROBE.

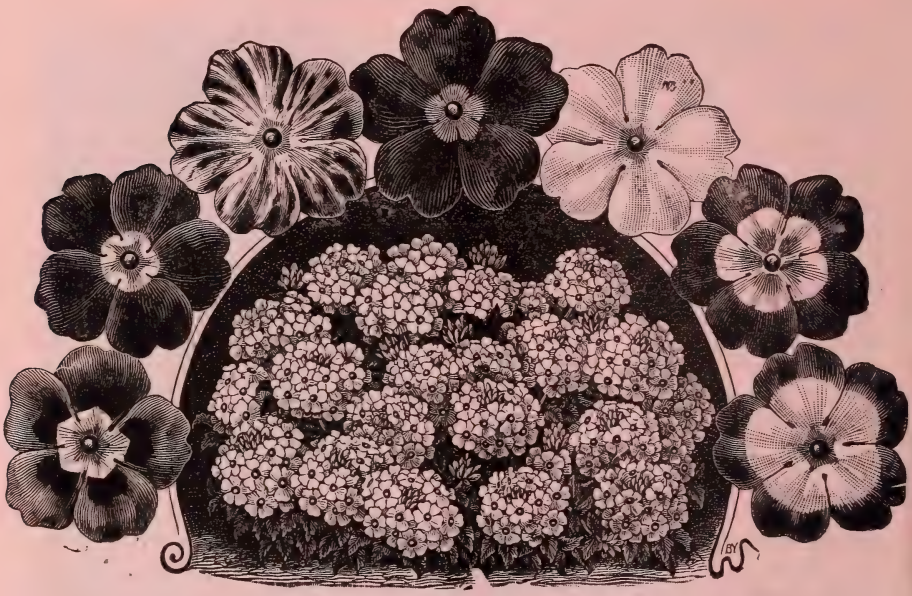
New Chrysanthemum, *Bridal Rose.* This new variety will undoubtedly prove one of our most popular annuals. Of very compact and upright habit the sturdy plants throw out their finely feathered foliage from the base, which is completely covered with a mantle of extra double pure white flowers. These are similar to the finest forms of very large double daisies and appear in such numbers that a large bed in full bloom may well be compared to a drift of snow.

Price 10 cts.

Dianthus Heddewigi Nobilis. *Royal Pinks* (new). Splendid, new improved strain of the old-fashioned Dianthus Heddewigi, the flowers being of a noble shape and considerably larger, three to four inches in diameter. The petals are frilled and fringed, giving the large flower a graceful appearance. The colors are varied, bright blood red, carmine and pink and even white. The plants grow vigorous and are very profuse blooming. Price 10 cts.

NEWCASTLE, ME., Aug. 25, 1907.—*L. P. Butler & Co.* Dear Sirs: The plants you sent me this spring have done very well. Your goods have always proved satisfactory and it is a pleasure to have dealings with so reliable a firm. Very truly, FLORENCE F. WEBB.

VERBENAS.



We shall this year offer Verbenas only in separate colors of seedlings. Verbenas from seed have been so improved in late years that the colors are nearly all as clear and distinct and size as good as in the named kinds, and are much more healthy and vigorous. We offer them in the following colors, all grown from the best mammoth strains. *Blue*, *Pink*, *Scarlet*, *White*, *Striped and Purple.* Price, 40 cts. per doz.

ASTER PLANTS (Pot Grown).

Every year we sell large quantities of this popular flower to those who do not care to bother with seed. Our plants are all grown in pots and from the choicest seed, and are large, thrifty plants not to be compared to the small plants with small roots sold so cheaply by some parties. Ready for shipment after April 15th. For full description of each sort see Seed Department.

Purity. Pure, glistening white. **Daybreak.**—Shell pink, fine. **Giant Comet.**—*White*, *Pink*, *Blue*, *Mixed.* **Mary Semple.**—Pale pink. **Semple's Branching.**—*White*, *Purple*, *Lavender*, *or Mixed.* **Truffant's Perfection.**—*Bright Pink*, *Purple*, *Pure White*, *Glowing Crimson or Mixed.* **Fancy.**—In many colors and kinds. **Ostrich Plume.**—Beautiful, new, "fluffy" Aster, *White or Pink.*

Price, any of above varieties, strong pot plants, 40 cts. per doz.

BEGONIAS.

Corallina Lucerna (new). A superb new shrubby Begonia growing into shapely specimens sometimes two feet or more high and producing gigantic trusses of from 60 to 70 immense flowers of a beautiful bronzy red color and flowering continuously. The foliage is very ornamental with prettily serrated edges and being dotted with silvery white spots. Grows into a handsome stately specimen in a very short time and attracts instant attention, the enormous pendant clusters contrasting strikingly with the foliage. In the autumn the seed vessels assume a yellowish tint which shows off to great advantage with the red of the flowers. Price 30 cts.

Inimitable (Rex). This handsome new variety is a very strong, vigorous grower, one of the most vigorous on our list. Leaves are silvery green, finely covered with short pink hairs and a silvery pink sheen which gives them a most charming appearance. At a little distance the color varies when seen in different positions like changeable silk. Price 20 cts.

BEGONIA, INIMITABLE.

Baraza (new). Has rather small palmette leaves, which are very dark green, almost black, except for large blotches of bright silver forming an irregular zone, the whole leaf being covered with a bright metallic sheen. A beautiful variety. Price 20 cts.

LOUISE CLOSSON.

Louise Closson. One of the richest and most beautiful of the Rex family with highly colored foliage. The coloring is magnificent, center of leaf deep bronze with broad band of silvery rose edged bronze and spotted rose. Price 25 cts.

Countess Louise Erdody. The leaf, which has a metallic lustre, appears dark silvery in the center, shading into coppery rose toward the margin, which is broadly and evenly edged with the same hue, but darker and more brilliant. The striking peculiarity, however, which distinguishes it from all other Begonias, is that the two lobes at the base of the leaf do not grow side by side, but one of them winds around in a spiral-like way. Price 25 cts.

Mme. Leboncey. This Rex sort is very rich and lustrous in its coloring, to which it is almost impossible to do justice by mere description. The young leaves

are reddish metallic hued, studded with irregular silvery spots, the older leaves becoming a darker silver shade, shaded steel and dark green, the entire leaf shaded red and burnished like tinsel. A variety always attracting attention. Price 20 cts.

Turnford Hall. A lovely chaste variety producing large flowers, pink and white like apple blossoms, completely smothering the graceful bushy plants. Growth of plant is similar to "Glory of Lorraine." Price 25 cts.

Glory of Lorraine. One of the greatest novelties in Begonias. The plant presents a mass of coral loveliness for nearly the whole year—blooming autumn, winter and spring—a perfect bouquet of clear pink flowers. This easily leads as the finest flowering sort known—plants being sold at Christmas time in the large cities, at from $2.00 to $5.00. Nothing as a winter blooming plant equals it in profusion of flowers, often completely hiding the leaves. Price 25 cts.

☞ NOTE.—Owing to the impossibility of propagating above two varieties until late in the season, we cannot ship vigorous plants until after June 1. Orders may be sent with other plants, and "Glory of Lorraine" and "Turnford Hall" will be forwarded soon after June 1. After July 15 we can furnish only larger, stronger plants at 35 cts. each.

We can furnish the following well known Rex or Large Leaved varieties viz: *Sander's Masterpiece*, *Glory of Vescinet*, *Mrs. Shepardson*, *Mlle. Kaurelle*, *Speculata*, *Baraza*, etc., at 20 cts. each.

The following well known Flowering Begonias viz: *Metallica*, *Coral*, *Marguerite*, *Argentea Guttata*, *Thurstonii*, *Westoniensis*, *McBethii*, etc., at 10 cts. each.

TUBEROUS ROOTED BEGONIAS.

DOUBLE TUBEROUS BEGONIA.

These Begonias, very easy of culure, are beautiful, and unsurpassed for bedding or pot culture. The plants present a striking appearance, being covered with magnificent showy flowers. The bulbs or tubers can be easily grown, requiring like Gloxinias, light, loamy soil and a somewhat shaded situation. After blooming all summer, the bulbs, if in beds, should be taken up in November, dried off like Gladiolus, and packed in a box of coarse sand placed in a dry place, secure from cold. If in pots, they can be gradually dried off in November by withholding water; when well dried out, put the pots containing bulbs in a dry warm place, until spring, when the roots should be shaken out and repotted.

SINGLE TUBEROUS BEGONIA.

Double Tuberous Begonias in four colors. *Red*, *white* *pink* and *yellow*. Price 20 cts. each; 3 for 50 cts.

Single Tuberous Begonias. Colors *Red*, *white*, *pink* and *yellow*. Price 15 cts. each; 3 for 40 cts.

CANNAS.

Jean Tissot (new). One of the brightest of the very large flowering Cannas, color an intense brilliant vermillion with bright orange shadings, a color that can be seen as far as the eye will carry. Strong, uniform, about 5 feet high, with massive green foliage. Price 20 cts.

Rubin (new). The ruby carmine flowers of this are not large, but are produced in such profusion and are so intensely rich and glowing, which combined with the dark bronzy green foliage make it a magnificent bedding variety. Price 20 cts.

Austria. Flowers of a pure canary color, but with a few traces of small reddish brown spots in the center of the two inside petals. Blooms which are of large size are borne on massive stems well above the foliage. ***Chas. Henderson.***—Probably one of the most popular crimson Cannas in cultivation. Of uniform compact habit and very free flowering. ***Shenandoah.***—One of our finest bedding varieties. Has a dark tropical foliage, is a strong grower and we can recommend it where contrasting foliage is wanted. ***Florence Vaughn.***—The flower petals differ from most in their remarkable width and roundness. In habit the plant has very broad, light green leaves, making a splendid effect. The flower spike is large; each flower opens broadly, and the color is a golden yellow, dotted with brilliant carmine. ***Flamingo.***—A fine bedding variety of dwarf growth. Very free blooming, the flowers being of a dark velvety crimson which contrasts finely with the green foliage. ***Robusta.***—A tall growing Canna of strong growth with a fine bronze foliage. Very fine where a tall tropical background is wanted.

Above Cannas, dormant roots, except where noted, 15 cts. each; $1 per doz.

STARTED CANNAS.

In May and June we will have many of above sorts well started, ten to twenty inches high. These are started in flats and can be shipped with well started roots, wrapped in moss, with very little expense. They are not nearly as bulky and heavy to ship as potted plants and they grow just as well. Price, by express only, $1.25 per doz.

CARNATIONS.

If Carnations are wanted for winter bloom, the plants when received from greenhouses should be set out in the garden in a good rich spot and the top cut off above the fourth or fifth joint, which will cause plant to branch. When branches attain a length of three or four joints they in turn should be cut off. In latter part of August the plant will have made a bushy growth and should be taken up, potted in a five or six-inch pot and removed to a sunny window inside. It should be kept then in a temperature of not over 60° and given a weekly spraying of cold water to keep off red spiders. If wanted for summer bloom, the plants should be allowed to grow at will after the first topping.

New Carnation, Lloyd. A new white especially recommended for freedom and size of bloom. It is very fragrant, a fine keeper and an extra free bloomer. Not a cropper but a perpetual bloomer with size and stem of "Enchantress." Promises to become one of the best of our whites. Price 25 cts.

New Carnation, Rose Pink Enchantress. A sport from "Enchantress" with all the merits of that fine variety. Has the same immense flower, good stem, freedom of bloom, and vigorous habit but is a beautiful soft rose pink in color. Price 20 cts.

Vesper. A new white variety of large size and beautifully fringed flowers of good fragrance. Stems are long and stiff and nearly every shoot throws a flower. A fine new white. Price 15 cts.

Enchantress. A queen amongst Carnations on account of its immense size, magnificent color, fine, strong stem, and early, free and continuous blooming habit. The color is magnificent, a beautiful shade of light silvery pink, deepening toward the center. The flowers are enormous, and borne on stiff stems two or three feet in length, which hold the flowers perfectly erect. Price 10 cts.

Lady Bountiful. Large flowers of the purest white. Very fragrant, robust, vigorous habit and free blooming. Now one of the standard white varieties. Price 10 cts.

Mrs. M. A. Patten. The flowers are of the largest size and very fragrant. The ground color being pure white, prettily striped with pink, just enough to make the flower chaste and attractive. Price 10 cts.

Fair Maid. The build of the flower of this variety is especially pleasing, the petals being prettily fringed, giving the flower a light airy appearance. Color is a light silvery pink, with a delightful clove fragrance. Price 10 cts.

Harlowarden. One of the finest crimson Carnations to date. Growth is strong,

compact and upright, the large flowers being borne on long, strong stems; color clear bright crimson, the bloom being well built and nicely fringed. Price 10 cts.

Eldorado. Clear lemon yellow, slightly tipped with pink at edge of petals. Strong grower with long stems and perfect formed flowers. Price 10 cts.

THE LAWSON QUARTETTE.

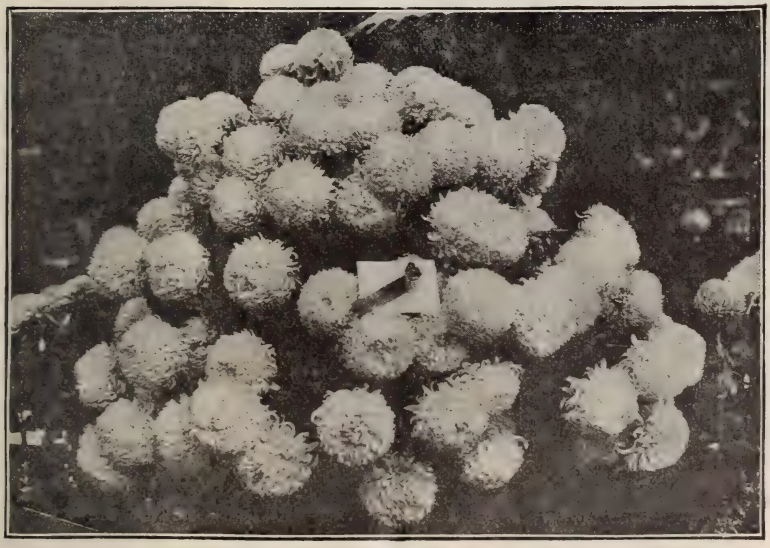
PINK, WHITE, SCARLET AND VARIEGATED LAWSON.

Identical in habit, growth and floriferousness, the above four varieties are alike except in color. We place them at the head of the list for probably more Lawson Carnations are grown by the florists throughout the country than any other single variety. The advent of the Pink Lawson marked the most decided step forward in the development of "the divine flower." The growth is strong, vigorous and healthy with grand flowers of large size and perfect form. No collection is complete without the "Lawson Quartette." Price **Pink, White, Scarlet** and **Variegated Lawson,** 10 cts. each or 35 cts. for the whole "Quartette."

THE BLUE RIBBON COLLECTION CARNATIONS.

One each of "**Lawson Quartette,**" **Enchantress, Eldorado and Harlowarden, for 60c, postpaid.** A collection combining the widest range of colors, with ease of culture and free blooming qualities.

CHRYSANTHEMUMS.



For blooming in the house the plants should be set out of doors in a good rich spot, the new growth should be kept nipped back to make bushy plants, and in the fall, they should be taken up with dirt on roots and potted in good sized pots. Give them a good sunny window and you will be surprised at the mass of blooms.

Clementine Tousset (new). This is the largest obtainable white coming so early in the season. It is one of the most lasting flowers when cut and has splendid stem

and foliage. The big flowers are very full and round and a glistening snow white in color. One of the finest of the newer introductions and is being largely planted.

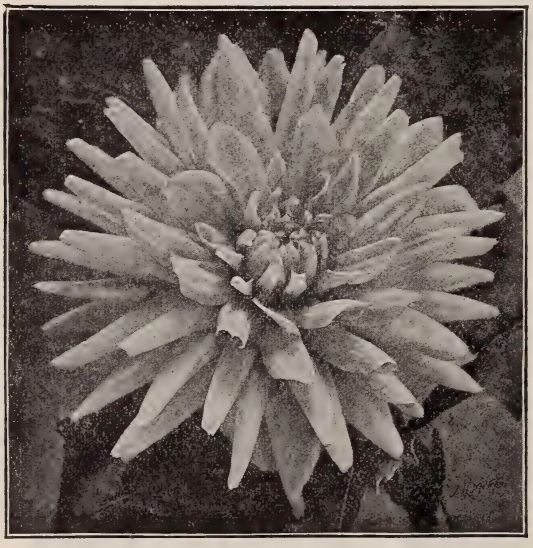
Price 15 cts.

Jeanne Nonin (new). This variety is one of the best introductions of late years. It is of the largest size, perfectly globular in shape and snow white in color. The immense flowers keep for a long time when cut. No collection would be complete without this variety. Price 15 cts.

The following varieties 10 cts. each; 6 for 50 cts.

Opah.—A large flower informal and showy in build, the color being white slightly suffused with pink. An attractive variety blooming early, and fine either as a pot plant or for exhibition. **Glory of Pacific.**—A fine early variety good either for cutting or pot culture. Color pink, changing to rosy white. **Maj. Bonnafon.**—One of the most perfectly formed and highly finished in our list, being globular in shape, and very full in center. Color soft clear yellow. **Modesto.**—A rich yellow Japanese incurved of large size. **Polly Rose** (or "Estelle").—The earliest pure white. Fine either for pots or cutting. **Willowbrook.**—Very fine early white of an artistic form. One of the best of the earlies. **Dr. Enguehard.**—A grand pure pink without the least trace of purple. Magnificent stem and foliage. **Mme. F. Bergmann.**—A fine early white of large size. Fine for pot culture. **Mrs. J. Jones.**—A delicate creamy white. Flowers incurved and of large size. **Cullingfordii.**—The old standard crimson. Still one of the best. **Geo. M. Kalb.**—A fine early, free blooming white variety.

MONADNOCK DAHLIAS.



TYPE OF CACTUS DAHLIAS.

Kriemhilde (new). This is an exquisite new Cactus Dahlia, probably the finest pink Cactus variety to date. Color is a very delicate shell-pink shading to white in center. The shape is very artistic and for a cut flower is very fine.

Price 20 cts.

Bridesmaid (Cactus). Pale primrose shading to rosy lavender at edge, fine form and very free flowering.

Price 15 cts.

Capstan (Cactus). Soft orange scarlet shaded apricot, remarkably free flowering.

Price 15 cts.

A. D. Livoni. Beautiful soft pink with quilled petals and full to the center. An early and profuse bloomer. Price 15 cts.

Arabella. An early and profuse flowering large sized show Dahlia. Color pale primrose, tipped and shaded old rose and lavender. Price 15 cts.

Meteor. A profuse blooming show Dahlia. Blooms bright red, large and fine.

Price 15 cts.

William Agnew. One of the finest reds ever introduced. Of intense, glistening scarlet-crimson; immense size, perfect form, and a mass of color. Price 15 cts.

Clifford W. Bruton. Of immense size, perfect form and of the finest canary yellow. A tall, vigorous grower and an extremely free bloomer. Price 15 cts.

Dr. Kirkland. A beautiful large dark crimson show dahlia blooming very profusely and freely. Price 15 cts.

Queen Victoria. A pure deep yellow, very finely quilled. Price 15 cts.

Grand Duke Alexis. An immense large white beautifully tinted pale lavender. Quilled petals. Price 20 cts.

Apple Blossom. Fine show Dahlia, blooms shaded apple blossom pink. Price 15 cts.

Henry Patrick. Large pure white, long stems. A fine decorative variety. Price 15 cts.

Night. A beautiful dark maroon cactus variety shaded black. Price 20 cts.

NEW PÆONY FLOWERED DAHLIAS.

These new Dahlias are claimed to be a distinct new departure from the type. Originating in Holland, many enthusiastic comments have been made in the foreign horticultural press in regard to them. The flowers of this new type are said to be of a distinctively pæony form, breaking away from the stiff form of the regular type and making a graceful artistic form especially suitable for cut flowers. We offer two varieties *Queen Wilhelminia*, a beautiful shade of clear yellow. *Duke Henry*, a vivid shade of crimson. Price either variety, 30 cts.

SPECIAL OFFERS.

One each of above varieties, except "**Queen Wilhelmina**" and "**Duke Henry,**" **for $1.60.**

We will send one each of six different varieties, our selection, comprising a good range of colors for 50c postpaid.

FERNS.

Nephrolepis Barrowsii. In this new variety we have a dense compact form of "Piersoni" the fronds being shorter, broader and bushier and which moreover are supported on stout, stiff midribs which gives the plant a broad heavy compact appearance and completely filling the pot in a short time. A fine fern in every way. Price 20, 35, 50, 75 cts. and $1.00 each.

Nephrolepis Elegantissima. A beautiful compact growing form of the plumed type with heavy, broad fronds growing into a heavy compact plant, peculiarly graceful and attractive. Makes a fine large specimen in a very short time. Price 25, 50 cts., $1.00 and $1.50 each.

Boston Sword Fern (*Nephrolepis Exaltata Bostoniensis*). No other fern is used so extensively as this graceful Nephrolepis. The fronds arch and droop over very gracefully, on account of which it is called the Fountain Fern. This drooping habit makes it an excellent Fern to grow as a single specimen on a table or pedestal. (See cut above). Price 15, 25, 35, 50, 75 cts., $1.00 and $1.50, according to size.

Pteris Argyrea.—A strong growing variety and very useful for all purposes. Quite large foliage, with broad, white band through the center of each frond. Price 20 cts. **Adiantum Cuneatum.**—The most popular of all the "Maiden Hair" varieties. Fronds delicate and graceful; a distinct, lovely variety. Price 15 cts. and 25 cts. **Adiantum Pubescens.**—A pretty, graceful Fern, the stems of the fronds being covered with a brown pubescense. **Pteris Cretica Albo Lineata.**—A very pretty, low growing variety, with green and white variegated fronds. **Polypodium Aureum.**—A grand, large growing sort, making a fine specimen in short time. Very noticeable on account of foliage, which is very large and of a distinct bluish color. Price 20 cts. **Pteris Serrulata Cristata.**—A very fine growing house Fern. The long-fingered fronds soon making a ruffled, crested growth, one of the most graceful varieties on our list. Especially fine, either for specimen plants or fern dishes. **Lace Fern,** *Polystichum Proliferum.* One of the finest of ferns for house culture. A very strong grower, with long, graceful fronds of a delicate appearance, keeping for a long time when cut and used with cut flowers. If grown in partially shaded place will be found a most pleasing house plant. **Cyrtomium Falcatum,** (*Holly Fern*).—Quite a new Fern from Japan, of low, ornamental growth, fronds of great substance, thick and leathery, keeping well on plant or when cut. This variety is now very popular at Christmas, it being called the Holly Fern, from resemblance of foliage on mature fronds to that of Holly. **Aspidium Tsussimense.**—A low growing Fern, with dark green, graceful foliage, its glossy green foliage making a fine contrast for use in Fern Pans. **Pteris Wimsetti.**—A low growing sort, forming a dense mass of light green foliage; extra good for Fern pans or Fern cases. When cut, the fronds of this sort have wonderful keeping qualites. **Price any above varieties, except where noted, 15 cts. each.**

PTERIS ARGYREA.

LACE FERN.

Pteris Wilsonii (new). A beautiful new crested variety, especially fine for growing into large specimens. One of the few Pteris varieties which makes a large specimen. A large plant attracts instant attention with its peculiar crested tips and bright green foliage.

Price 20 cts.

Selaginella Watsoniana (new). A particularly attractive new variety with bright green finely cut foliage variegated silvery white at the tips, the contrast being especially attractive. Fine for growing as a specimen for ferneries, or Fern cases. Price 20 cts.

SELAGINELLA.

SPECIAL OFFER.

We will send a fine collection of six varieties Ferns, all different for 50 cts. postpaid.

GERANIUMS.

STANDARD AND NEW GERANIUMS.

Jean Oberlee (new). A new Bruant variety with grand double flowers and trusses. Has the splendid vigorous habit of growth of the type. Color white with an aurora rose center, shaded tender salmon. A beautiful new variety. Price 25 cts.

Roi Edouard (new). A new French variety with immense semi-double flowers. Is a strong robust grower with fine habit and especially desirable as a pot plant. Flowers rosy lake, feathered white, a very attractive color. Price 25 cts.

Idole. One of the most beautiful of double fancies, color is snow white aud pure pink of the brightest, clearest tints, a strong grower with fine foliage. Price 10 cts.

Emanuel Arene. Double; one of the best varieties of the day. The floret is large and round, very fine, and of a pure rose color, with immense white eye. Both colors are very clear and pure, and are combined in the most showy way. Every flower lover ought to have this unique variety. Price 10 cts.

***Marvel.** A compact grower, with clean, vigorous, healthy foliage; truss large and full, a beautiful dark red in color. Price 10 cts.

Kleber (double). Very free in bloom, with flowers held well above the foliage. Color, a dark violet, of a velvety texture, rich and striking. Price 15 cts.

* **Peter Henderson.** Enormous trusses composed of large semi-double florets, produced in the greatest profusion on long stiff stems held well above the foliage. Has robust, dwarf compact habit of the Bruant type. Color superb bright orange scarlet. Price 15 cts.

* **Francis Perkins.** This we consider one of the finest double pink bedding Geraniums for our climate. The plant is a strong, vigorous grower and a prolific bloomer; color a clear bright pink. Price 10 cts.

* **Alphonse Ricard.** Color, bright vermillion-scarlet, habit dwarf, very vigorous, truss very large, semi-double florets. A constant bloomer from early in the season to late in the fall. Price 10 cts.

* **Mme. Rozain.** A fine double pure white, large trusses and free blooming. Price 10 cts.

* **John Doyle** (double). A vigorous grower, throwing its truss well up above the foliage, flower of enormous size, and of the richest bright scarlet. A phenomenal bloomer. * **Gen. Grant.**—One of the best single scarlet varieties for bedding, vases, etc. The freest flowering variety we have. * **Beaute Poitevine.**—Very large semi-double florets borne in immense trusses; very free bloomer, brilliant salmon in color. * **S. A. Nutt.**—A standard double dark red variety. One of the very best bedders. * **Heteranthe** (Double Gen. Grant).—A splendid bedder. The plant redounds in vigor; foliage is strong and striking. Color of the flower is a bright vermillion red. * **Sam Sloan** (single). Deep crimson-scarlet; trusses of immense size. Wonderfully free blooming. Price any above varieties of Geraniums except where noted, 10 cts. each.

BEDDING GERANIUMS.

We have marked with (*) the best bedding Geraniums in our list. We have a larger and finer stock than ever and can satisfy the most critical customer. Price $1.00 per dozen from 3-inch pots; $1.50 per dozen from 4-inch pots. Larger size, price on application.

NEW CACTUS FLOWERING GERANIUMS.

A very unique, distinct, beautiful new variety. "Cactus" has by common consent, been recognized as a distinctive term applied to certain types of Dahlias, etc., but none deserve the appellation more than these new Cactus Geraniums, with their admirable elegance of form and exquisite, graceful, curled and twisted petals, similar to the best Cactus Dahlias. They are bound to win a place in popular favor as sub-

jects for the conservatory and as pot plants on account of their handsome dwarf growth, small foliage and marvelous profusion of bloom. So profusely flowering are they, that it is necessary to keep buds pinched from small plants until they can become well established. We have two varieties, viz: **Fire Dragon.**—Bright scarlet crimson, especially striking and showy. Price 30 cts. **Exquisite.**—A beautiful shade of salmon rose. Price 35 cts.

FANCY LEAF GERANIUMS.

Mrs. Parker. In this fine variety recently introduced, we have a combined beauty in both flowers and foliage. Its leaves are deep green, with a broad margin of white; flowers perfectly double, bright pink. Splendid for house culture. **Mrs. Pollock** (golden tricylor).—The ground color is a deep green, with a zone of bronze, crimson and scarlet, with margin of clear yellow. Price either above two varieties, 15 cts. each.

Happy Thought. An entirely new style of leaf, having a large yellow blotch in the center of leaf, with an outer band of green. **Mountain of Snow.**—Leaf green, white margin; flowers scarlet. **Golden Band.**—Gold margined; cherry colored flowers. Price either of above three varieties, 10 cts. each.

MRS. PARKER.

Mme. Salleroi. Dwarf compact grower, never growing over one foot high. Largely used as a border, the leaves being bright green, edged white. Price 10 cts. each, $1.00 per doz.

IVY LEAF GERANIUMS.

Cæsar Franck (new). A wonderful new variety with trusses and individual flowers of immense size, the florets frequently measuring two and one-half inches in diameter, very double, of perfect form and of a brilliant strawberry red with lighter markings in center. A grand new acquisition. Price 15 cts. each.

Souv. Chas. Turner. One of the handsomest double Ivy Geraniums. Florets borne in trusses six inches across. The color is a bright pink, approaching scarlet; the upper petals feathered maroon. Price 10 cts.

Joan of Arc. Flowers perfectly double and white as snow. The foliage is extremely dense and handsome. Price 10 cts.

SCENTED GERANIUMS.

Mrs. Taylor. Rose fragrance, deep scarlet flowers. **Lemon.**—Small leaf scented. **Rose.**—Large leaf scented. **Skeleton Leaf.**—Small leaf, rose scented. **Balm.** Price any of above 10 cts. each.

PELARGONIUMS (Lady Washington Geraniums).

Galatea (new). A beautiful variety of strong robust growth. The large blooms are white lightly striped and mottled pink with rich blotches on the upper petals. A distinctive new variety. Price 30 cts.

Apple Blossom. One of the finest blooming house plants in our entire list. People never tire of this, the freest flowering of all the Pelargoniums. Flowers shades of pink and white, and slightly frilled. It flowers from eight to ten months of the year, and when at its best, the flowers are so profuse they nearly hide the foliage, being one mass of pink and white. Price 20 cts.

Countess of Crewe (new). This elegant new variety is a vigorous bushy grower and very profuse blooming. The flowers are very attractive, being beautiful satiny rose in color, large and bold in shape with beautiful crimpled petals. Price 25 cts.

Lady Carrington (new). Another new variety of exceptional merit. Grows dwarf and vigorous with large blooms of the most beautiful tint of blush white with a slight maroon blotch on each upper petal. Price 25 cts.

Mrs. Robt. Sandiford. A grand white variety, flowers of large size, beautifully ruffled, the flower having a crimpy and fluffy appearance. A strong, vigorous grower and one of the best in our list. Price 25 cts.

Crimson King (new). A strong, healthy grower, and very free bloomer. Color is a magnificent intense crimson. A remarkably "taking" new variety. Price 25 cts.

Victor. Color of upper petals almost a black, and very velvety; lower ones a bright lively crimson, center pure white; florets extremely large and very showy. The finest of its class. Price 20 cts.

Mrs. Layal (Pansy). A very dwarf, shapely, compact grower, with vigorous, healthy foliage, is a very free bloomer, bearing the pretty pansy-like flowers in great profusion. Price 15 cts.

ASPARAGUS.

ASPARAGUS PLUMOSUS NANUS.

Plumosus Nanus (also erroneously called "*Lace Fern.*") One of the handsomest of our foliage plants. The leaves are a bright green, gracefully arched, and as finely woven as the finest silken mesh. Their lasting quality, when cut, is remarkable, retaining their freshness for weeks. It is one of the finest decorative plants recently introduced; easily grown and very beautiful on account of its light feathery growth. Price 15, 25 and 35 cts.

Asparagus Sprengerii (*Emerald Feather*). A most desirable new species, especially useful to grow as a pot plant for decorative purposes or for planting in suspended baskets; the fronds are long trailing, and of a rich shade of green, most useful for cutting, retaining their freshness for weeks after being cut.

Price 15, 25 and 35 cts.

PALMS AND ORNAMENTAL PLANTS.

Kentia. These are one of the most easily grown and satisfactory of the Palm family. They are very hardy and are not easily affected by changes in temperature, and its stiff, glossy leaves enable it to stand the dry hot air of the living room without injury. It is very graceful, and justly a very popular variety.

Price 35 cts., 75 cts. and $1.25 and upwards, according to size.

KENTIA.

Ficus Elastica, *India Rubber Tree.* One of the best plants for decoration; its thick, leathery leaves enable it to stand excessive heat and dryness, while its deep glossy green color always presents a cheerful aspect. Will stand lots of abuse.

Price 75 cts., $1.00 and $1.50 each.

Dracaena Indivisa, *Dragon Tree.* One of the most desirable of our ornamental foliage plants for decorations. Its fine foliage renders it very useful for the window garden, planted as a center piece in a rustic stand, jardiniere, or window box, or for summer decoration in vases and ornamental beds.

Price 35 cts., 50 cts. and 75 cts.

COCOS WADDELIANA.

Cocos Weddeliana. This is a dainty, graceful, small growing Palm, making a perfect miniature Palm of exquisite form. Splendidly adapted for the center of jardinieres and fern dishes as well as specimens.

Price 35 cts. and 75 cts.

Latania Barbonica. A splendid, hardy, strong growing Palm, whose quick growth and ability to stand the sun adapts it for outdoor decorative purposes, for verandas, vases, etc., as well as for house decoration. A most satisfactory Palm. This is also called the "Fan Palm." Price 30 cts., 75 cts. and $1.25.

Phœnix Reclinata. Of robust growth and graceful habit. A Palm which will thrive under more adverse circumstances than any other.

Price 30 cts. and 75 cts.

Araucaria Excelsa, *Norfolk Island Pine.* As a decorative plant this is one of the handsomest. Its deep green feathery foliage arranged in whorls, rising one above the other, forms a plant of rare grace and beauty; cannot be sent by mail.

Price $1.00 and $1.50 each.

GUSSETTS, VT., June 29, 1907.—*L. P. Butler & Co.* Dear Sirs: Plants received today in perfect condition. Many thanks. MRS. P. WARREN.

MONADNOCK ROSES.

TEA AND OTHER EVERBLOOMING ROSES.

SOUV. DE PIERRE NOTTING.

Souv. de Pierre Notting (new). A beautiful new Rose of strong bushy habit with splendid healthy green foliage which makes it almost immune to disease. The buds are long, beautifully shaped and borne on strong stems. The flowers are full and very lasting. Color is a beautiful clear yellow, shaded delicate pink and deeper yellow, while the center of the flower is a very rich golden yellow. Delightfully fragrant. This will prove one of the most satisfactory roses as it is seldom we have a yellow rose which blooms so profusely all summer long, there scarcely being a day when there is not one or more exquisitely shaped buds or blooms, and is just as good as a house plant.

Price 20 cts.

Helen Gould. One of the grandest Roses. It is strong, dwarf, compact grower. Flowers large, full and double and very fragrant. The buds are beautifully long and pointed. Color rich crimson. Price 15 cts.

Gruss an Teplitz, *Crimson Hermosa.* This grand new Rose is a Rose for everyone, succeeding under the most ordinary conditions. In color it is of the richest scarlet, shading to a velvety crimson, very fragrant, a free, strong grower, and a phenomenally profuse bloomer. Price 15 cts.

Winter Gem. This is a new Rose of vigorous growth and a particularly free bloomer, especially during the winter, hence its name. Blossoms are of large size and a pretty crimson-purple color. Price 15 cts.

Hermosa. A grand Rose, flower cupped, finely formed and always in bloom. Soft shade of pink, fragrant, but not a Tea. Very free blooming. Price 10 cts.

Marie Guillot. White, tinged with delicate shade of lemon; large, full and beautifully imbricated in form; a fine white Tea. Price 10 cts.

Snowflake. One of the freest blooming white Tea Roses which we have. Makes a superb pot Rose. One hundred and forty-three buds and flowers have been counted in a single day on a young plant. Flowers pure white. Price 15 cts.

THE POPULAR SOUPERT TRIO.

Clotilde Soupert. This grand Rose still holds its reputation of being one of the best all round Roses. Color is a pearly white deepening to a rosy blush in the center. It has a very compact, vigorous habit, and is a wonderfully profuse bloomer, even the smallest plants being covered with a profusion of flowers. Price 15 cts.

Mosella, *Yellow Soupert.* A strong, bushy, dwarf grower, equally as free blooming, and with the same beautiful shaped immense clusters of flowers as "Clotilde Soupert." Color is white on beautiful light yellow ground.

Price 10 cts.

Pink Soupert. Identical with "C. Soupert" except color of flower. Has the same stocky, sturdy habit of growth. Color, rich shining pink. Price 10 cts.

☞ **The three Souperts for 30 cts. postpaid.**

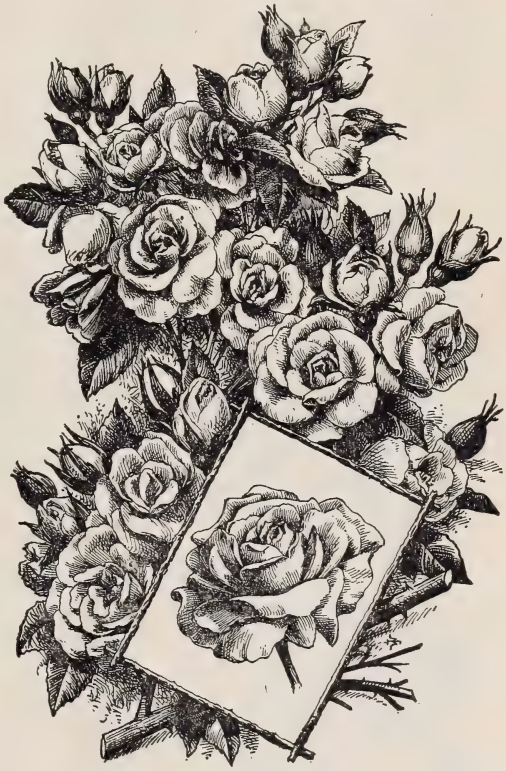
CLIMBING ROSES.

New Rambler Rose, Lady Gay. Closely resembles "Crimson Rambler" in habit and general growth. Plant is a strong vigorous grower with profuse glossy deep green foliage and the effect of a plant in full bloom with the combination of delicate cherry tinted flowers and deeper shaded buds and the deep green foliage is indeed charming. A splendid new variety. Price 20 cts.

* **Dorothy Perkins.** In foliage, growth and habit of blooming, this valuable new Rose is remarkably like "Crimson Rambler," but the flowers are more double and of a beautiful shell pink color. It is of remarkable vigor, often making ten to fifteen feet growth in one season. The flowers are very double, and of large size for this class of Rose, and are borne in loose clusters of from thirty to forty, even fifty and sixty being often counted. Flowers sweet scented. Price 15 cts.

* **Baltimore Belle.** Blush, tinged rose and white; the flowers are very double and are produced in great clusters completely covering plant. Price 15 cts.

* **Prairie Queen.** Dark rosy red, changing to pink. Price 15 cts.



DOROTHY PERKINS.

THE RAMBLER QUARTETTE.

* **Crimson Rambler.** Undoubtedly the greatest acquisition in a Climbing Rose introduced in many years. Of vigorous growth, making shoots from four to ten feet in height in a season, and consequently a most desirable climbing variety. The flowers with which the plant is covered in the spring, are produced in large trusses of a pyramidal form, and of the brightest crimson color, remaining on the plant for a great length of time without losing their brightness. **White Rambler,** *Thalia.*—This charming new Rose produces immense pyramidal clusters of pure white, deliciously fragrant, double Roses. * **Pink Rambler,** *Emphrosyne.*—The "Pink Rambler" completes the entire range of cardinal colors that can be embraced in these beautiful Climbing Roses. Flowers borne in profuse clusters. * **Yellow Rambler,** *Aglaia.*—Color is a decided yellow with moderate sized, cup shaped, nearly full flowers, which are sweetly scented. Its habit of growth is very strong, similar to "Crimson Rambler." **Price, above "Quartette" 15 cts. each, or the 4 for 50 cts. postpaid.**

☞ Any of the above varieties with an asterisk (*) can be supplied in strong field grown plants at 50 cts. each by express, or 65 cts. each postpaid.

HARDY COLLECTION ROSES.

Mrs. John Laing. Perfectly hardy with immense flowers, full and double, borne in great profusion on long stiff stems, and exceedingly sweet. Color, a bright shining pink, exquisitely shaded. Buds long and pointed. **Magna Charta.**—A splendid Rose, extra large full flowers, very double and of fine form, very sweet. Color is clear rosy red, beautifully flushed with violet crimson. A very sure and profuse bloomer. **Coquette des Blanches.**—Pure white with a creamy tinge in center, truly a continuous bloomer as it is scarcely ever without flowers from early summer until cut off by frost in the fall. **Gen. Jacqueminot.**—The grand old Rose known by everyone, at least by name and reputation. Rich crimson scarlet in color, and especially handsome in bud. Still unrivalled in popularity. **Paul Neyron.**—The flowers of this grand Rose are immense, color, bright, shining pink, clear and beautiful, very double, finely scented.

Price any of above hardy Roses, 15 cts. each for strong pot plants by mail or express. Strong 2 year old, field grown plants at 50 cts. each by express; or 65 cts. by mail postpaid.

THE BABY RAMBLER TRIO.

"**Pink Baby.**" This fine novelty originated in France and was admitted by everyone to be the most important addition to our list of bedding Roses for years. The roses grow in clusters similar to "Crimson Rambler" but the plant instead of climbing, grows in a compact dwarf bush form not over eighteen inches high with clean polished dark green foliage, which is never attacked by insects or disease. The plant is covered with a complete mass of bright crimson flowers from early spring to frost time, and will bloom in the house all winter long.

Price 15, 25 and 50 cts. each, according to size.

"**White Baby**" (*Catherine Zeimet*). Same habit as above but with double white fragrant flowers. Price 35 and 60 cts. each.

"**Pink Baby,**" (*Anny Muller*). Habit identical with previous two varieties, but color is a charming shade of pink. Price 25 and 60 cts. each.

☞ SPECIAL OFFER. One each of the 3 Baby Ramblers for 65 cts. postpaid.

MONADNOCK PANSY PLANTS.

Trimardeau. A distinct and beautiful race, the flowers of which are of very large size, in many beautiful shades of color. Price, in fine mixed colors, large transplanted plants, 50 cts. per doz., express only; smaller for mailing, 50 cts. per doz., postpaid; seed, 10 cts.

Bugnot's Superb. This is the most famous of all the fancy strains, being blotched, stained and veined in unsurpassable beauty and variety of coloring.

Price, 3 for 20 cts.; 12 for 60 cts.; seed, 25 cts. per pkt.

German Strain. In many of the finest colors; our strain comprises a great variety of rare shades and blending of colors. This strain is a very free bloomer. For description see Collection Packets. Price, large plants, 12 for 50 cts.; smaller for mailing, 12 for 25 cts.; 25 for 50 cts.

We recommend plants sent by express where possible. Our plants are carried by the Express companies at 20 per cent reduction from regular merchandise rates, and we usually add enough extra plants to cover express charges.

TENDER VINES AND BASKET PLANTS.

The following vines are for house culture or summer planting—not hardy.

Asparagus. See page 20.

Alyssum, *Mammoth.* The finest of all large growing Alyssums. Small plants planted in open ground will make immense clumps for summer cut flowers or as a pot or vase plant; flowers white, semi-double, of twice the size in truss and floret of any sort we have ever seen. Price 10 cts.; 4 for 25 cts.

Alyssum, *Double Tom Thumb.* Has a dwarf habit and trusses are long and florets double. The flowers hold on so long that the plant is always in bloom.

Price, either of above sorts, 10 cts. each; 4 for 25 cts.; 60 cts. per doz.

Cobea Scandens. A well known climbing plant of rapid growth and having large blue bell-shaped flowers. For covering trellises and unsightly places. Price 15 cts.

Cuphea Platycentra. *Cigar Plant.* Tube of flower is scarlet, with the end white and crimson, has the appearance of a miniature lighted cigar. Price 10 cts.

Ivy, English. Too well known to need description. Price 10 cts.

Ivy, German *or Parlor.* Rapid growing vine for pots or vases. Price 10 cts.

Jasmine Grandiflorum, *Catalonian Jasmine.* A winter flowering plant, blooming continuously. Flowers pure white, deliciously fragrant. Price 15 cts.

Lotus Pelyorensis, *Coral Gem.* The slender branching habit is most striking, and the silvery foliage even more so. The bright coral red flowers, measuring two inches in length, are really beautiful, its drooping habit also makes it useful for hanging baskets. Price 10 cts.

LOTUS PELYORENSIS.

Manettia Vine. In the house it can be trained all around a window, and will bloom both summer and winter and in the garden also. Flowers intense scarlet tipped with yellow, each flower keeping perfect over a month before fading. Price 10 cts.

Mesembryanthemum, Grandiflora Alba. New, large flowering, pure white wax plant, of a trailing habit, and especially fine for hanging pots or baskets. Price 10 cts.

Nasturtium, *Double.* A very striking trailing plant, especially adapted for vases, window boxes, hanging baskets or rockeries, the plants growing to great length, the growth being perfectly covered with the large *perfectly double* flowers. *Crimson* or *Yellow.* Price 10 cts. each; 3 for 25 cts.

Saxifraga Sarmentosa. The well known basket plant, better known as "Strawberry Geranium." Ornamental foliage. Price 10 cts.

Vinca, *Variegata.* Rapid grower, leaves glossy green, margined with white. Price 10 cts.

☞ ***Any of the plants named in catalogue except the large size plants will be sent by mail, prepaid, at prices named, but no orders filled by mail for less than 50 cts. unless 10 cts. additional is enclosed to cover cost of postage and packing.***

MISCELLANEOUS.

Abutilon, *Savitzii.* This unique, maple-leaved variety is from Japan. It is a decided improvement upon "Souvenir de Bonn," inasmuch as the variegation is entirely different, the contrast between the green and white is sharper, and the habit of the plant is dwarfer. It is of exceptional value for edging sub-tropical beds, also among the best as a pot plant, making a compact growth. Price 10 cts.

Abutilon, *Boule de Neige.* This is one of the best Abutilons yet introduced, with dark green leaves and pure white flowers; it blooms freely. Price 10 cts.

Abutilon, *Golden Fleece or Golden Bells.* A fine Abutilon of strong, vigorous habit and a very free bloomer. Color, rich golden yellow; flowers of large size. A good winter bloomer. Price 10 cts.

CACTUS, QUEEN OF THE NIGHT.

Ageratum, *Stella Gurney.* A fine new acquisition. Planted outside, it attains a height of six to eight inches. It is an early and continuous bloomer. Flowers are of the deepest blue so freely produced that it is always one mass of color; admired by everyone who sees it. Price 10 cts.; 3 for 25 cts.; 75 cts. per doz.

Azalea. Elegant pot plants, much used for Easter decorations. The flowers are large and very beautiful, always much admired, and range from white to deep crimson in color, with all intermediate shades and markings. Easily grown in any window. Our plants are fine ones; all five, six and seven-inch pots, well branched and full of buds. Price, $1.00; extra sizes, $1.25 to $1.50.

Cactus, *Queen of the Night.* The most magnificent of all the Cacti, flowers very large and exceedingly fragrant, opening after sunset. Color a handsome showy white and yellow. A variety which will surely please everyone. Price 15 cts.

Cactus, *Lobster.* A beautiful variety of Cactus, with bright scarlet flowers of large size, and unusually bright and showy. Takes its name from resemblance of plant to the claws of a lobster. Price 15 cts.

Crown of Thorns, *Euphorbia Splendens.* A curious plant with thick, fleshy, twining stems which are covered with stout, sharp spines nearly an inch long. There is a tradition that this plant furnished the material for the "Crown of Thorns" used in the divine tragedy. The foliage is a bright green and the flowers are a beautiful coral pink. Price 20 cts.

Cyclamen, *Persicum Giganteum.* Flowers of very large size; an improvement on older sorts. An extra fine strain; mixed colors only; fine plants. Price 25 cts.

Coleus. We have a fine assortment of the most showy and distinct varieties. Can furnish the best varieties either for bedding or for fancy coloring.
Price 10 cts.; 3 for 25 cts.; 6 for 40 cts.; 12 for 75 cts.

Dracaena Godseffiana (Gold Dust Dracaena). A beautiful decorative plant with thick leathery leaves of dark green, thickly sprinkled with spots of gold.
Price 25 cts.

Forget-me-not. Grown extensively for cut flowers in all parts of the country. If treated the same as Violets will produce a profusion of lovely sky blue flowers all winter. Price 10 cts.; 3 for 25 cts.

Fuchsia, *Little Beauty.* We have again been able to secure a stock of this handsome variety. This is probably the freest blooming Fuchsia in existence. One hundred and fifty buds and blooms have often been counted at the same time on one plant. The flowers are single, sepals bright red, corolla purple, the growth of plant is ideal forming a shapely, bushy plant. We have a good stock this year and we recommend this variety as one of the best Fuchsias.

Price 15 cts.

LITTLE BEAUTY FUCHSIA.

Fuchsia, *Phenomenal.* This grand variety still remains at the head of the list for size of bloom. Plant is of dwarf habit and free blooming. Red tube and sepals, with rich violet corolla of great size. Price 10 cts.

Fuchsia, *Mrs. E. G. Hill.* Unlike most of the double white Fuchsias, this is a robust, upright grower, compact and symmetrical. Tube and sepals are a bright, reddish crimson; corolla pure white, extra large and double. Price 10 cts.

Fuchsia, *Black Prince.* Tube and sepals bright waxy carmine color; sepals with green tips and large pale pink corolla, margined with deep rose. Price 10 cts.

Fuchsia, *Speciosa.* Free flowering variety, producing large flowers two inches in length, tubes and sepals of which are blush, the corolla crimson. Price 10 cts.

HYDRANGEA, OTAKSA.

Hydrangea, *Hortensis Rosea,* (new). This delightful novelty is one of the most valuable new plants offered in recent years. It is a fine bushy grower and blooms in enormous panicles which are rounded and yet very broad. Color is a pretty rosy red, as handsome as that of Glory of Lorraine Begonia. A novelty of real merit. Price 20 cts.; larger 50 and 75 cts.

Hydrangea, *Otaksa.* A magnificent flowering shrub, with immense trusses of flowers, frequently twelve inches across; color, bright rosy pink, contrasting finely with other sorts. The low, sturdy growth, together with its immense bloom and beautiful foliage, makes it the most desirable of all to grow in pots, tubs or vases for summer decoration; can be wintered in cellar.

Price 15 cts.; large, 50 cts. and 75 cts.

Feverfew, *Little Gem.* The great value of the old "Dwarf Feverfew" for cut flowers during the summer and fall is well known to florists and others. This variety which we now offer surpasses it in every way. It is very dwarf, attaining a height of only twelve inches. The flowers are larger, of more perfect form and of the purest white. Price 10 cts.; 3 for 25 cts.; 12 for 75 cts.

Genista Racemosa, *Golden Shower.* A beautiful yellow flowering, shrubby plant, flowering so freely as to literally cover the plant with its rich, golden flowers, hence the name "Golden Shower." Grown in large quantities by florists for Easter decoration. Price 10 cts.

Heliotrope, *White Lady.* The nearest approach to pure white yet in the Heliotrope; truss very large, growth compact. Price 10 cts.; larger, 20 cts.

Heliotrope, *Mrs. Burgess.* Color, fine dark violet; one of the best dark sorts, in fact one of the best of all Heliotropes. Good for pots, fine for bedding in open ground, and extra good for cutting; odor exquisite, and it produces flowers in abundance. We have had on trial many varieties of Heliotropes, but we pronounce this one of the best, either for pots, bedding or cut flowers. Price 10 cts.; larger, 20 cts.

Lemon, *Ponderosa or American Wonder.* This is truly a wonder. The handsome plants grow quite rapidly, making pretty shapely plants which produce exceedingly handsome lemons, which can be used the same as ordinary lemons. The dark green foliage is very large and handsome, and the pure, waxy flowers with yellow stamens are nearly as fragrant as orange blossoms. The fruit which succeeds the blossoms is immense in size. Price 20 cts.; larger plants, 50 cts. each.

Lobelia. A bushy, free flowering plant, very nice as a basket plant or for edges of vases and window boxes; flowers blue. Price 10 cts.

Impatience, *Sultani* (sometimes called "Patience Plant"). Of compact, neat habit of growth, with good constitution, and a perpetual bloomer. The flowers are of a brilliant rosy scarlet, and are produced from the axil of the leaves, so freely that a well grown specimen appears to be quite a ball of fire. Everybody succeeds with this. Price 10 cts.

Orange, *Otaheite.* It is not an uncommon thing to see little cutting plants five or six inches in height, full of bloom, and even bearing one or two medium-sized oranges. The fruit at their best are not more than half the size of an ordinary orange, but are very bright and beautiful in color; but it is for its flowers more than its fruit which commends it to general cultivation. The pure waxy white blossoms emit a delicate, powerful fragrance. Price, 1-year plants, 20 cts.; larger, 50 cts.

OBCONICA PRIMROSE.

Primrose, *Obconica, Japanese Primrose.* A lovely perpetual blooming Primrose, needing about same culture as the Chinese varieties. The flowers are borne profusely, in trusses, on long stems, color white, delicately tinted rosy lilac. Of easy culture, thriving with little care and attention. The blooming qualities are wonderful. Price 15 cts.; larger, 20 cts.

Primrose, *Chinese, Single.* One of the most desirable winter blooming plants, flowering during the winter and spring months. Choice fringed varieties. Price 15 cts.

Swainsonia, *Galegifolia Alba.* Pure white. Desirable ever-blooming plant with flowers produced in sprays from twelve to twenty flowers each, the individual blooms resembling a Sweet Pea. Price 10 cts.

Stevia, *Nana.* This variety is much used by florists, furnishing an abundance of fine white flowers at Christmas time. Price 10 cts.

Violet, *Lady Hume Campbell.* This is a distinct and lovely Violet that has become one of the most popular double varieties among florists, thousands of them now being grown for cut flowers. Among the doubles it is beyond question the best for amateur culture, for the reason that it excels all others in strong, healthy growth, and it will produce under ordinary conditions, a wonderful abundance of flowers. The flowers are perfectly double, with most delightful violet fragrance.

Violet, *Princess of Wales.* Claimed to be the finest single Violet yet introduced. The flowers are single, and are borne in great profusion on stems ten to twelve inches high all through the season. The color is true violet blue.

Price either of above varieties of Violets, 10 cts. each; 3 for 25 cts.; or 12 for 75 cts.

LADY HUME CAMPBELL.

HARDY PERENNIALS.

This class of plants is receiving more and more attention each year, and deservedly so, for their ease of culture, permanency and wealth of bloom appeals to a large class who desire masses of flowers for the minimum of care and attention. Each year they continue to bloom with added beauty, and by a judicious selection you can have the most varied of Nature's floral productions during the entire season. All the varieties which we list are of the easiest culture, and after once planted require no further attention than annual liberal enrichment, but however most varieties are benefitted by being divided about once in every three or four years and the divisions reset.

Gysophila, *Baby Breath.* A beautiful old-fashioned perennial, possessing a grace not found in any other perennial. When in bloom it forms a symmetrical mass of minute pure white flowers, forming a beautiful gauze-like appearance. For cutting purposes it is exquisite, especially with high-colored flowers. Price 15 cts.

Funkia, *Day Lily.* A handsome, showy plant, with beautiful, large broad leaves. Flowers large, pure waxy white, and very fragrant. Price 20 cts.

Helianthus Multiflorus, *Double Dwarf Sunflower.* Grows from three to five feet in height; never fails to flower the first year of planting. Do not be prejudiced against this plant because it is only a "Sunflower." Give it a trial, you will be delighted to find how beautiful it is. It is a hardy perennial, coming up every year, but in extreme North can be kept in cellar like Cannas and Dahlias. Price 15 cts.

MONADNOCK PÆONIES.

Dialetra, *Spectabilis* (Bleeding Heart). One of the best known perennials, with graceful, drooping racemes of heart-shaped flowers of rosy crimson and silvery white. Blooming in spring and early summer. Price, extra strong roots, 30 cts.; small, 10 cts.

Pæonies. These beautiful hardy flowers have been wonderfully improved during the past few years and are beginning to receive the attention they so richly deserve. No plant will yield so rich a return for so little care as the beautiful garden favorites. Planted in masses or singly they make a rich effect. After once planted they need no further care than occasional cultivation and a good mulch of manure in the fall. Perfectly hardy everywhere. Three colors, *Pink, White and Crimson.* Price 25 cts.

Physostegia Virginica, *False Dragon Head.* One of the most beautiful of our midsummer flowering perennials. Forms a dense bush three to four feet high, bearing spikes of delicate flowers of a bright but soft pink. Price 15 cts.

Hardy Phlox. We rank these as amongst the most important perennials, succeeding as they do, in almost any position, and flowering from early summer until late in the fall. The wealth, size of bloom and range of colors of the newer improved varieties will surprise those who have been acquainted only with the old-fashioned sorts. The beauty and showiness of these new Phloxes can hardly be exceeded by any other flowers. Our collection comprises the following new and standard varieties: * **Aurora Boreale.**—This superb variety has an extra large flower and truss. Color is a rosy salmon with dark crimson eye. A fine variety in every way. * **White Queen.**—Pure snowy white and a very profuse bloomer. Begins to bloom last of July and remains in bloom a long time. * **Cross of Honor.**—Lilac margined white. **Thebaide.**—Handsome shade of light pink with darker eye rayed and striped with lighter pink. **Esclamonde.**—Pretty shade of mauve with dark crimson eye. * **Brilliant.**—Light shade of scarlet. **Girondine.**—Dwarf growth, carmine, with aureole of lighter color around carmine eye. Price any above varieties, divided roots, 15 cts. each.

HARDY PHLOX.

☞ Varieties of above marked with a (*) we can furnish in strong clumps at 25, 35 and 50 cts. per clump.

Hollyhock, *Everblooming Annuals.* This new strain grows very rapidly after being set out in the open ground, blooming profusely until hard freezing weather. They come in a rich variety of colors. We offer an extra fine strain of double flowers only. No one can imagine the beauty and brilliancy of the blossoms without seeing them. Price $1.00 per doz.

Iris Kæmpferii, *Japanese Iris.* These are among the most beautiful of hardy plants. Their peculiar and quaint markings can be better imagined than described. They are exceedingly showy and last a long time in bloom. Some are self-colored, while others are marbled and tinted with different shades. Perfectly hardy and very easily grown. White, white tinted lavender, blue, etc. Price 15 cts.

Foxglove, *Ivery's New Spotted.* Indispensable in any collection of hardy herbaceous shubbery, the bright foliage, and stately, showy spikes of bloom producing a fine effect. Price 15 cts.

Tritoma, Pfitzerii, *Flame Flower or Red Hot Poker Plant.* The flower spikes are produced with considerable more freedom than in the old variety, are of gigantic size, frequently four and one-half feet high, with heads of bloom over twelve inches long. They are of a rich crimson-scarlet shading to salmon-rose on the edge. Price 15 cts.; stronger, 25 cts.

TRITOMA PFITZERII.

Hemerocallis Kwanso Flore Plena *Double Crown Day Lily.* A perfectly double flowering sort; a profuse bloomer. The flowers are produced in clusters; they are of a bright orange-yellow, and each petal is marked with a large crimson blotch, forming a circle around the flower. Has an elegant grassy foliage, and handsome, deliciously fragrant flowers. Fine in every way. Price 20 cts.

Rudbeckia, *Golden Glow.* A plant of fine habit, vigorous growth, with early, continuous and immense blooming qualities, with beautiful double yellow flowers. Price 10 cts.; extra strong, 25 cts.

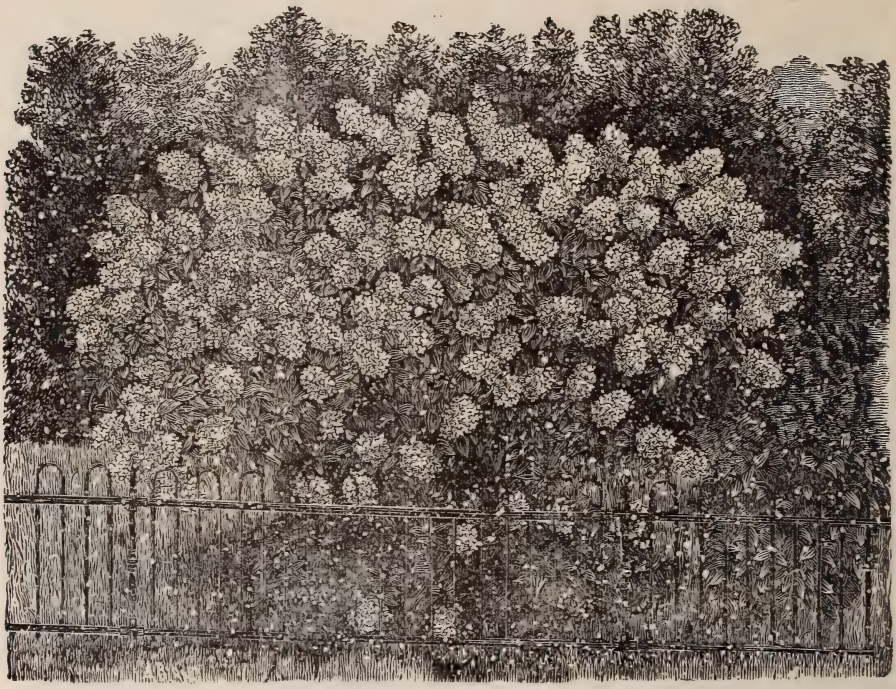
ORNAMENTAL SHRUBS AND TREES.

Berberis Thunbergii, *Japanese Barberry.* A pretty species of dwarf habit, small foliage changing to coppery red in autumn. One of the finest and hardiest things in our severe climate for low ornamental hedges. Price 35 cts.

Birch, *Cut, Leaf Weeping.* One of the most popular of all weeping trees. Growth is tall, slender and vigorous with graceful drooping branches, delicately cut foliage and silvery white bark. One of the finest and most distinctive for specimen trees. Price $1.00 each.

Japan Lilacs. Beautiful new varieties from Japan characterized by grand large trusses of exquisite flowers. *President Grevy.*—Color a beautiful blue, individual florets very large and double, the whole panicle being magnificent. *Mad. Casimir Perimer.*—The finest double white Lilac yet introduced. The individual florets which resemble miniature Tuberoses are deliciously scented. Price 75 cts. each.

Spirea, *Van Houteii.* The grandest of all the Spiræas. A beautiful ornamental shrub for the lawn at any season, but when in flower is a perfect fountain of white bloom, the foliage hardly showing. Great clusters of white florets are set closely on the drooping stems, making a very beautiful, graceful appearance. Price 35 cts.



Hydrangea, *Paniculata Graudiflora.* One of the finest hardy shrubs in cultivation; the flowers are formed in large white panicles or trusses nine inches in length. The shrub grows to a height and breadth of three or four feet, and as the flowers slightly droop, few plants have the grace and beauty presented by this magnificent shrub. Perfectly hardy in all parts of the country; needs no protection of any kind. It should have all weak wood cut away each fall, and be well manured each season. Price, extra strong, 2-year field grown plants, 50 cts.; extra strong, 3-year field grown plants, 75 cts.; 4-year, bush shape, $1.25. Fine standard tree shaped, $1.00. All of above will bloom first year.

Deutzia, *Lemoinei.* A splendid new hardy shrub, having immense large flowers borne in broad based, cone-shaped heads. Price 35 cts.

Snowball, *Japan.* A great improvement over the common variety, with remarkably healthy dark foliage. Grows erectly and compactly four to six feet high, being covered from top to bottom with the balls of flowers as white as snow, clustered one against the other in dense masses. Price 50 cts.

Syringa, *Grandiflora.* Much larger than the common sweet scented. Price 35 cts.

Syringa, *Golden Leaved.* Golden yellow foliage, color being deepest and most glowing in August. Flowers same as above variety. Price 35 cts.

Syringa, *Double Flowered.* Beautiful large double flowers of pure white. Price 35 cts.

Evergreens for Hedges or Specimen Plants.

We have on hand a fine lot of Norway Spruce and Arbor Vitæ, two or three times transplanted, with fine root system.

Price, 1½ to 2 ft. 25 cts.; 2 ft. to 3 ft. 35 cts.; 3 ft. to 4 ft. 40 cts.

Prices in quantity for hedging on application.

Seed Department.

MONADNOCK BLUE RIBBON ASTERS.

Collection Packet Asters. Contains equal quantities each of the below named varieties of Truffaut's Perfection Large Flowered: *Snow White*, *Rose*, *Dark Blood Red*, *Light Blue*, *Black-Blue*, *Glowing Dark Crimson*, *White and Black-Blue*, *Rose and White*, *Carmine*, *Carmine and White*, *Crimson Ball*, *Dark Crimson and White*, *Dark Red and White*, *Victoria Red*, *Lilac Red and White*, *Violet*, *Dark Scarlet and White*, *Violet and White*, *Black-Blue and White*, *Light Blue and White*. We include also in above collection, seed of *Giant Comet*, (three colors,) *Semple's Branching*, (three colors,) *Daybreak* and *Ostrich Plume*, making the finest packet of Asters for this price ever sent out. Price 15 cts.

We take great pride in our fine strains of Asters, and we feel sure no finer Asters can be bought than our Monadnock strain. We are constantly receiving many unsolicited testimonials.

GOSSVILLE, N. H., May 7, 1907.—*L. P. Butler & Co.* Gentlemen: I will say that I have had seeds and plants from your house a number of years and find them better than I have found at any other place.
Very truly, MRS. PORTER BICKFORD.

WETHERSFIELD, Conn., Aug. 1, 1907.—*L. P. Butler & Co.* Dear Sirs: Last year you sent me quite an order of seeds and I have been much pleased with the results, particularly with my Canterbury Bells, they were beautiful. Yours truly, MRS. EDW. G. FOX.

BRANCHING ASTERS.

Semple's Branching Asters. For size of bloom, freedom of flowering and other good qualities, these Asters are unexcelled. Forming strong, branching bushes, which bear profusely on long, strong stems, handsome Chrysanthemum shaped flowers, many of which are enormous in size, their artistic form makes them especially desirable for cut flowers. Five colors, *Lavender*, *Purple*, *Shell Pink*, *Pure White*, *Crimson or Mixed*.

New Aster, *Pink Beauty*. A splendid new variety of strong free upright growth, twenty-four to thirty inches high, blooming from early in August until well on in September with frequently as many as fifty flowers open at one time on long strong stems. These average four inches across, of Chrysanthemum shape, inner petals incurved, outer reflexed. Color is a soft delicate blush pink, a shade always in demand for cutting. This is said by experts to be the finest pink midseason Aster yet introduced. Price 15 cts.

New Pearl Aster. This fine new Aster is characterized by a refined, narrow lanceolate foliage. The flowers are five or six inches in circumference and shaped like little balls, presenting a strikingly graceful appearance, each plant bearing about twenty flowers on slender stems. Quite a telling new variety, combining elegant growth with dainty foliage and beautiful flowers. Finest mixed. Price 10 cts.

Asters, *Prize Fancy*. We are enabled to place within reach of any of our customers, at a moderate expense, the finest assortment of Fancy Asters ever offered in one package. These are selected by us, the fancy shades from the various classes of large flowering Asters and then combined in one package, over thirty different shades and colors. We think Aster seed has never been offered by any seedsmen, combining so many shades in one package. It will please customers to be able to procure so large a variety at so small a cost. Different from our Collection Packet in that it is made up of fancy shades of all kinds of Asters not ordinarily found in mixtures. Price 15 cts.

Truffaut's Perfection. This improved Perfection Aster is now acknowledged as among the finest for ornamental beds, for cutting purposes or for exhibition, being of strong growth, large bloom, which is extra double, and of fine form. *Snow White*, *Blood Red*, *Pink or Blue*. Price, either color, 10 cts.

NEW PEARL ASTER.

Ostrich Plume. A magnificent new Aster of the Comet type, with flowers of immense size, the petals being wavy and twisted, giving the flowers a soft, "fluffy" appearance. An elegant variety which must be seen to be appreciated. *White, Pink or mixed.*

Price, either color, 10 cts.

OSTRICH PLUME ASTER.

Daybreak (new). A splendid new Aster of merit. Flowers are as round as a ball, large and full, produced on long stems. Color is an exquisite shade of shell pink, like a Daybreak Carnation, magnificent for cut flowers. It is an early and free bloomer, and is worthy of a place in every garden.

Price 10 cts.

Purity (new). An exact counterpart of above, only glistening snow-white in color. Price 10 cts.

☞ **For other varieties of Asters see following pages under "Other New and Standard Flower Seeds."**

NEW BUTTERFLY RUNNER BEAN.

New Butterfly Runner Bean. Among climbing plants the varieties of Scarlet Runner Bean occupy a leading place, and rightly so, as they serve a double purpose, yielding a useful dish for the kitchen and brightening the garden by their gaily hued flowers. This new variety is as productive as the old kind, but the flowers are far more beautiful and ornamental. The blooms are very large, with prettily waved white wings, the standards being salmon rose, the two colors making a most agreeable and striking contrast, the foliage being almost buried beneath the mass of flowers. Price 10 cts.

Kochia Scoparia, *Burning Bush.* A unique growing ornamental plant growing quickly from seed sown in the open ground. Grows in a round globe-like form, so compactly as to look as though trimmed to that shape. Early in the fall the ends of the shoots are thickly set with small bright scarlet flowers, the whole plant looking like a ball of fire. Plants are handsome either grown singly to show their handsome shape or continuously in a hedge row. An extra fine novelty. Price 10 cts.

LUDLOW, VT.—*L. P. Butler & Co.* You are the most generous of the flower dealers to whom I send orders, and they always come in fine condition. MISS MARY BROWN.

NEW BEGONIA "RUBY."

New Begonia Gracilis, *Ruby*. This new French variety grows about ten inches high, and of uniform compact shape. The plants are resplendent in foliage of a brilliant metallic red brown and produce a beautiful and unique floral display. While the fully developed blooms present a deep carmine shade, the half opened ones and particularly the buds glisten with an iridescent coppery red. This combines most effectively with the dark hued foliage and a bed or group of Begonia Ruby, quite captivates by its beauty and brilliance. Seed sown early in spring and then transplanted to beds will make a very effective summer display. Price 15 cts.

Dianthus Mirabilis (Double Marvelous Pink). These new double flowered Japanese hybrids are an annual attaining a height of twelve to fifteen inches and produce the large beautiful double flowers of three to four inches in diameter on stiff upright stems. These are very deeply cut and fringed in the most wonderful forms. Colors are rich and varied, ranging in all shades from pure white and white with pink or red zones, through all the shades of rose to dark crimson. Fine for cutting, lasting well in water.

Price 10 cts.

DIANTHUS MIRABILIS.

No. BILLERICA, MASS.—*L. P. Butler & Co.* Gentlemen: Just a word about your Phlox. It is a choice collection and a circular bed about six feet in diameter which was filled with the plants last year was the admiration of many people as well as the delight of the owner.

Very truly yours, MISS MARY L. HUTCHINS.

COLLECTION PACKET DIANTHUS.

MONADNOCK DIANTHUS.

Contains equal quantities of seed of the following varieties, besides many others not listed: *Diadem*, mottled, extra; *Heddewigi Hybrids*, great variety; *Atropurpurea*, fine dark shades; *Laciniatus*, fringed; *Striatus*, striped varieties; *Albus*, new white; *Mourning Pink*, a new sort, very beautiful; *Imperialis*, fine double, mixed; *Heddewigi Nobilis*, beautiful, new, large flowered varieties; *Stellaris*, very pretty star shaped flowers; *Salmon Queen*, splendid new varieties of salmon shades, with dark eye; *Laciniatus Coronatus*, fine novelty, deep red with black zone; *Fairy Queen*, very dwarf, flowers white with salmon center; *Nanus Roseus fl pl*, fine, new, double, rose shades. The above comprises one of the richest mixtures ever sent out in one package. Price 10 cts.

☞ Any above varieties in separate packets, price 10 cts.

IMPATIENS HOLSTII HYBRIDS.

New Hybrid Impatiens Holstii. The parent of these new hybrids, was recently discovered in Africa. It forms bushes one and one-half to two feet high, fine either for out doors or pot plants. Very showy and extremely free blooming, ranging in color from white through rose and carmine to velvety dark violet. Price 15 cts.

NASTURTIUM, QUEEN OF TOM THUMBS.

Nasturtium, *Queen of Tom Thumbs* (new). This charming new variety has a silver, variegated foliage, producing the rich, bright crimson flowers in great profusion, forming a striking and handsome contrast to the foliage. It is very dwarf and compact, producing ninety per cent with true variegated foliage. Received an award of merit of Royal Horticultural Society. Price 10 cts.

Nasturtium, *Jupiter.* The flowers which are very numerous, measure three and one-half inches in diameter. They are exquisitely formed with overlapping, crinkled petals, the color being a bright golden yellow overlaid with a glow of orange. Their fine color, long stems, great size and beautiful form make them valuable for cutting. Price 10 cts.

New Petunia, *Snowball.* A new very dwarf variety that comes quite true from seed. This class of Petunias has gained a well-merited reputation not only for its extremely free blooming qualities but also for its ease of culture and adaptability for a pot plant or out door bedding. This beautiful variety has satiny white flowers covering the whole plant with a mass of bloom. It stands heat and drought remarkably well and is extra fine either for bedding or a pot plant. Price 10 cts.

NEW PETUNIA, SNOWBALL.

Nasturtium Monadnock Giant Flowered Mixture. In the past few years great improvement has been made in the size of this popular flower. This mixture is made up only of the extra large flowered improved tall giant Nasturtiums, containing such varieties as Caprice, Butterfly, Twilight, Sunlight, Jupiter, Moonlight, etc., in a variety of the most gorgeous colors. To those who want the highest type of Nasturtium we strongly reccommend this mixture. It is unequalled for size, quality and vigorous growth.

TYPE OF GIANT NASTURTIUM.

Price 10 cts.; oz. 20 cts.

RAINBOW COLLECTION PACKET

MONADNOCK TOM THUMB NASTURTIUMS.

Contains the following varieties: *Crystal Palace Gem*, sulphur colored flowers with dark red spots near base of petals; *King of Tom Thumbs*, bluish green foliage, intense scarlet flower, very showy; *Pearl*, creamy white; *Golden King*, deep golden yellow flowers, dark foliage; *Spotted*, flowers beautifully spotted; *Ruby King*, pink, shaded carmine, contrasting beautifully with its dark foliage; *King Theodore*, bluish green foliage, flowers almost black; *Atropurpureum*, dark crimson; *Empress of India*, splendid new dark-leaved variety, flowers crimson; *Beauty*, fine yellow, flushed and shaded vermillion; *Ladybird* (new), the ground color of the flower is rich golden yellow, each petal barred with a broad vein of bright ruby crimson; *Aurora* (new), a shade of pink, beautiful; *Vesuvius*, a new salmon red variety; *Golden Queen*, handsome new variety with yellow foliage; also many other varieties of which lack of room forbids mention. Price, extra large packets, 15 cts.

NOTE. We can furnish, when desired, any above varieties in separate packets at 5 cts. per packet.

☞ **We especially recommend the above packet. The assortment of colors and rare shades will be found immense; "a perfect rainbow of color."**

It is our intention and constant endeavor to make the name "Monadnock" stand for honesty and sterling quality in plants and seeds. We intend that every customer shall have "value received" for every dollar spent with us and will cheerfully rectify any mistakes or just cause for complaint when brought to our notice.

Blue Ribbon Collection Packet Monadnock Pansies.

ONE TYPE BLUE RIBBON PANSIES.

Contains the following varieties, as well as many others not listed. *Pres. Carnot*, white, each petal blotched violet; *Giant Dark Blue*, large flowers, fine; *Rosy Lilac*, new color, distinct; *Silver Edge*, purple, with white edge; *Victoria*, new red, fine; *King of Blacks*, darkest variety; *Brown-red*, various shades; *Giant Snowflake*, satiny white; *Coquette de Poissy*, new French sort, distinct mauve color; *Emperor Frederick*, dark red edge, shaded lighter red; *Emperor William*, ultramarine blue; *Prince Bismarck*, beautiful shade; *Fire King*, yellow, upper petals purple; *Gold Margined*, a splendid sort; *Havana Brown*, new shades; *Lord Beaconsfield*, deep violet purple, shading at top nearly white; *Mahogany Color*, an odd color; *Meteor*, bright brown; *Peacock*, blue with white edge; *Wallflower Brown*, various shades; *Striped and Mottled*, very odd; *Striped Parisian*, light mottled, new; *Trimardeaux*, giant varieties, mixed; *Quadricolor*, a fine combination of colors; *Yellow Giant*, large yellow, black eye; *Golden Queen*, giant pure yellow without eye; *Odier*, the five blotched or stained Pansies; *White with Black Eye*, a good bedder; *Cassier's and Bugnot*, fancy strain in beautiful tints. Also the following new sorts: *Masterpiece*, a magnificent new class, with superb rich colored blooms, and undulating wavy petals; *Bridesmaid*, new, white shining rose, beautifully blotched; *Diana*, new, cream colored; *Orchid Flowered*, orchid-shaped blooms; *Orange*, new variety very fine; *Psyche*, violet bordered white, wavy undulated petals; *Mad. Perret*, new, very strong growing variety, wine shades; *Giant Adonis*, beautiful light blue; *Cardinal*, new brilliant red; *Ruby King*, new giant superb red; *Prince Henry*, new darkest blue, fine.

Price of above rich mixture, 25 cts. per packet; one-half size packet, 15 cts.

NOTE. We can furnish first twenty-nine sorts in separate packets at 10 cts. per packet, or last eleven varieties at 15 cts. per packet.

☞ ***Our collection packet Pansies cannot be beat. No such rich variety in one packet is offered by any seedsman at so low a price.***

AYER, MASS., Aug. 7, 1907.—*L. P. Butler & Co.* Dear Sirs. Your pansy seeds have been recommended to me by one of your customers and I have seen her pansies, they are extra fine.
MRS. CHAS. S. DAVIS.

For other varieties Pansies see under "Other New and Standard Flower Seeds."

SEEDS FOR SCHOOL AND MISSION WORK.

Alba Magnifica, flowers pure white with yellow eye, a charming variety; *Ruby Queen*, very showy, a grand and beautiful sort; *Striata*, a beautiful striped sort; *Fern Leaf*, in variety, fine; *Coccinea*, flowers of the largest size, of a beautiful brilliant scarlet, with a clear sulphur eye, exquisitely fringed; *Globosa*, splendid new and improved mixed varieties, heavily fringed, extra fine; *Punctata Atropurpurea*, a beautiful and showy variety; *Pulcherrima*, white, with rose or lilac center, very fine; *Coerulea*, handsome new shades of blue; *Gigantea*, new varieties, producing immense flowers; *Golden Feather*, a charming variety, pure white with golden leaves; *Duchess*, a superb novelty, pure white with large bright carmine center; *Salmonea*, bright salmon, an entirely new color in primrose; *Violacea*, new, deep violet color, very beautiful.

Equal quantities of seeds each of above—fourteen fringed sorts—making the most desirable packet of Primrose offered in the world, and at one-half the price asked by most seedsmen for much inferior stock and a less quantity.

Price 25 cts.

COLLECTION PACKET PHLOX DRUMMONDI.

Contains equal quantities each of the following twenty varieties of large flower fancy Phloxes: *Alba*, magnificent large white flower; *Alba Oculata*, white, colored eye; *Atropurpurea*, deep blood purple; *Atropurpurea Alba Oculata*, blood purple with large eye; *Atropurpurea Striata*, blood purple, striped; *Chamois Rose*, shades of light pink; *Coccinea Striata*, scarlet striped; *Isabellina*, straw color, flowers of extra size; *Kermesina Splendens*, vivid red, very showy; *Kermesina Striata*, vivid red, striped; *Leopoldi*, deep pink, white eye; *Quadricolor Rosea*, rose color, shaded; *Quadricolor Violacea*, violet color, shaded; *Rosea Striata*, rose color, striped, very fine; *Rosea Alba Oculata*, rose color, white eye; *Stellata*, beautiful sorts with large star in center; *Violacea Alba Oculata*, violet, with large white eye, very fine; *Brilliant*, named for its bright color; *Cuspidata*, *New Star Phlox*, long points to petals, very odd; *Fimbriata*, new, extra fine, with toothed or fringed petals.

Price 15 cts.

Separate colors of above per packet, price 10 cts.

☞ ***NOTE.—With the exception of two last fancy sorts, the Phloxes in above Collection Packet are all of the "Grandiflora" or large flowered sort, and it is with pride that we can send this fine collection to our customers.***

MONADNOCK MATCHLESS PETUNIAS.

Collection Packet. This collection packet is made up of a large number of varieties from the Large Flowered Section and a large number from the Fringed Section. It includes mammoth blotched and striped varieties, extremely beautiful steel-blue veined varieties, rich yellow throated varieties, green veined and bordered varieties, varieties with large tigered throats, also a good percentage of magnificent double flowered, fringed varieties, and altogether will be found to be one of the richest and finest strains put out by any seedsmen. Price 25 cts.

☞ **We call special attention to our grand strain of Petunias. Our collection Packet is an unrivalled mixture of the best achievements in Petunias.**

New Torenia, *Nymph.* A surprisingly beautiful variety of compact growth. The flowers cover the plant in profusion throughout the summer, the fading ones being instantly replaced by newly opened blooms. The main color of the flower is a delicate light blue, while lip and wings show a deep violet velvety spot. Fine for vases, window boxes, etc. Price 15 cts.

Salpiglossis, *New Giant Emperor.* This superb new variety is of the easiest culture, succeeding in any sunny position. They grow from one and one-half to two feet high and produce freely all summer long the orchid-like flowers in a great range of colors including red, rose, purple, blue, white, yellow, etc., nearly all being beautifully penciled and marbled with gold and other colors. They are fine for cutting, lasting a long time in water. A most charming new variety, a real "orchid of the hardy annuals." Price 10 cts.

New Verbena, *Aubletia Compacta.* This is an entirely new species of Verbena, growing very compact, about ten inches high and carry the flowers freely above the foliage. It flowers very abundantly, showing an uninterrupted bloom from the end of June until late in autumn. Color a beautiful bright attractive reddish lilac, the great mass of bloom all through the summer making a handsome appearance. Price 10 cts.

NEW TORENIA, NYMPH.

COLLECTION PACKET TEN WEEKS STOCK.

New, Large Flowering Perpetual Blooming Giant Stocks, in twelve beautiful colors: *Apple Blossom, Canary Yellow, Flesh Color, Rose Pink, Copper Red, Dark Blood Red, Shining Purple, Violet, Light Blue, Crimson, Red Brown, Princess Alice, Beauty of Nice.* A very large per cent of these will come in extra large double flowers. The above comprises a very rich mixture of the Dresden Perpetual Stocks, the finest and freest blooming strain. Seed is grown only from pot plants and an extra large percentage will come very double and large. **If you want the very best Stocks,** you should try the above. Price 15 cts.

Verbena, *Monadnock Mammoth.* The characteristics of this new strain of Verbenas are its mammoth sized flowers, many of the single florets being as large as a twenty-five cent piece; the plant also has the peculiarity of being more vigorous in growth than the ordinary Verbenas. We can recommend our Verbenas as being of exceptionally vigorous growth, and flowers of mammoth size comprising the following colors: *Blue, Pink, Scarlet, White, Striped and Auricular or Large Eyed.* These varieties in separate colors or mixed. Price 10 cts. each.

OTHER NEW AND STANDARD FLOWER SEEDS.

(See also under "Old-Fashioned Flowers.")

PER PKT.

Acacia, finest mixed. .10

Alyssum, *New Dwarf Sweet* (Little Gem): Plants are of very dwarf, compact, spreading habit and only three to five inches in height, each plant covering a circle from fifteen to thirty inches in diameter. Free blooming. oz. 25 cts. .05

Alyssum, *Sweet.* Taller growing than above. oz. 15 cts. .05

ALYSSUM, LITTLE GEM.

Antirrhinum, *Queen of the North* (new). One of the most beautiful of Snapdragons. Large, white flowers of a delicious perfume. Elegant for cut flowers and bouquets. .05

Antirrhinum, *Giant.* New mammoth kinds in beautiful shades of red, pink, old gold, etc., an extra fine mixture for cutting. .10

Antirrhinum, *Snapdragon.* Fine mixed. .05

Aquilegia, *Columbine.* Charming perennial bearing exquisite spurred flowers in countless profusion through May and June. Fine for permanent borders or the edges of woods or shrubbery. Double and single mixed. .10

Aster, *Giant Comet.* A beautiful and distinct class with long, curled and twisted petals like "Japanese Chrysanthemums," exceedingly graceful for vase and table decorations. Colors, *Pink*, *White*, *Blue* and *Mixed*. Price, each sort. .10

Aster, *Corcordeau* (or Crown). These are a striking unique Aster, having a white center bordered by some rich color, making an effective contrast. Flowers very double. .10

GLORIA OR BUTTONHOLE ASTER.

Gloria or Buttonhole Aster. Plants of this new variety grow to a height of ten inches; are very branching and free blooming. As many as forty flowers have been counted on many plants. Flowers pure white with a brilliant scarlet margin. .10

Aster, *New Victoria* (Large Flowered). The blossoms are large and distinguished by an elegant and regular overlapping of the petals, thus giving to the flowers a distinctive character. The growth is an elegant pyramid, and each plant grows from twenty to forty flowers. The colors include many extremely delicate and most gorgeous shades, also variegated. .10

New Sunlight Aster. The flowers are of fine form, similar to the Pæony Flowered, a true yellow in color and produced in great profusion. Flowers three to four inches in diameter and produced on long stems. .10

Truffaut's Perfection. Many colors, extra fine, mixed. .10

Truffaut's Perfection. Good quality, mixed. .05

Aster, *Rose Flowered.* The flowers are large and double, the outer petals finely recurved and the inner ones incurved like a rose; two feet in height; fine for cutting; extra choice mixed. .10

Aster, *Hohenzollern.* A tall stately variety bearing enormous flowers on long stems. .10

Aster, *Princess.* One of the finest Asters. Resembling a white Lilliput Dahlia, very full and double, mixed colors. .10

Aster, *Mignon.* Flowers medium size, a profuse bloomer, fine for cutting. .10

Aster, *German Quilled.* Double quilled flowers, mixed colors. .05

Aster. All sorts mixed, all classes and colors in choice mixture. .05

PER PKT.

Bachelors' Button, *Emperor William.* Bright blue, fine. .05

BALSAM.

Balsam. An extra fine strain, superb mixed. .10

Balsam. Fine mixed. .05

CALLIOPSIS HYBRIDA SUPERBA.

Calliopsis Hybrida Superba. These pretty new varieties form dense bushes (like illustration) about sixteen inches high and are covered the entire summer with their beautiful flowers in all shades of yellow and orange to the deepest velvety brown. .10

Canna. New French Varieties, mixed, extra. .10

Candytuft, *Giant Hyacinth Flowered.* This grand new kind is far superior to that well known kind, "Empress," heretofore the best of its class. The flower heads are of immense size, sometimes six inches long and three inches across. .05

PER PKT.

Candytuft, *Fragrant White.* White, fragrant; fine for bouquets. .05

Candytuft, *Empress.* Produces large trusses of pure white flowers; assumes, when in full bloom, a beautiful tree form; very fine. .05

Candytuft, *Dark Red.* Fine for cutting, a strong grower. .05

CANDYTUFT, NEW DWARF HYBRIDS.

Candytuft, *New Dwarf Hybrids.* A new class which forms a dwarf compact bush covered with flowers, which are of large size. Very floriferous. .05

Candytuft. All sorts mixed. oz. 20 cts. .05

Candytuft, *Queen of Italy.* This new Candytuft is one of the most beautiful of all, having very large pink blooms. It is one of the best of plants for borders and carpet beds. .05

Campanula. A wonderful fine class of hardy perennials well suited to any kind of soil. Seed from the most select varieties only. Finest mixed. .10

Campanula, *Persicæfolia.* (Angel Bells). Pure white, extra. .10

Carnation, *Mad. Guillaud.* In this, we have the best yellow Carnation that will bloom from seed in from four to six months. The flowers are very large and double, borne on long, stiff stems, and clear golden yellow, very handsome in color and form. .25

Carnation, *Grenadin.* A new hardy, dwarf sort; very fine for garden culture; a profuse bloomer. Either white, red or mixed. .25

Carnation, *Hardy Garden.* From flowers of excellent quality. The finest mixed, hardy garden Pinks; will live in open ground without protection. .25

Carnation, *Chaubaud's Double Perpetual.* This new Carnation grows from sixteen to twenty inches high. Flower stems are covered with large, handsome, very double flowers in every variety of color. It blooms in about seven months after being sown, and continues to flower in the greatest profusion. Ours is an improved strain with very large flowers. .25

MARGUERITE CARNATION.

PER PKT.

Carnation, *Marguerite* (Improved). A new class of Carnations that are without exception the most abundant bloomer of all the Pinks. The flowers are of brilliant colors, ranging through many beautiful shades of reds, pinks, white variegations, etc.; and are of perfect form and large size. They bloom in about four months after sowing the seeds. They can be potted and taken in the house and will flower through the winter. They come from fifty to eighty per cent double. Finest mixed, and pure white. .10

Carnation, *Perpetual or Tree.* Seed saved from the collection of the most celebrated growers in the world. Not hardy. For pot culture only. A splendid variety of colors. .25

Canary Bird Flower. Climber. .10

Centaurea, *Marguerite.* Entirely distinct from all other "Centaureas." The large flowers are of purest white, also in tints of lavender, pink and lemon, deliciously scented, exquisitely laciniated, and freely produced on long stems. .10

Centaurea Imperialis, *Royal Sweet Sultans* (new). The plant is very vigorous and produces the large flowers in great profusion, borne on long stems, the petals being finely fringed, giving a soft, feathery effect. Colors range from white through rosy pink and lilac to a dark purple. .10

Celosia Thomsoni Magnifica (new). This fine novelty represents the most perfect strain of the feathered or ostrich plumed Cockscombs. The plants have a true pyramidal branching growth, and the flower spikes vary in the most magnificent shades of color ranging from the clearest yellow to the darkest blood red. .10

CELOSIA THOMPSONI MAGNIFICA.

PER PKT.

Chrysanthemum. Showy and effective garden favorites. Annual sorts, mixed. .05

Chrysanthemum, Anthemis Coronaris, fl. pl. (Double Marguerites) mixed. .05

Chrysanthemum Frutescens. White or Paris Daisy. .10

Chinese Pink. Finest mixed. .05

Cineraria, *Hybrida Grandiflora.* Saved only from extra fine, large flowering, prize varieties. This strain is unsurpassed, having a large variety of colors of fine form. .25

Clarkia. Finest mixed. .05

Cobea Scandens. Well known climber of rapid growth, Purple or White, either color. .10

Cockscomb. Mixed, very fine. .05

Cockscomb, *Glasgow Prize.* New, very dwarf, with immense crimson combs, extra. .10

Coreopsis Lanceolata, *Perennial Golden Coreopsis.* Flowers two to three inches or more in diameter, of an intensely clear, golden yellow. .10

Cyclamen, *Giganteum.* Without exception, the strain offered is in all respects the finest that can be produced. The flowers are of large size, of fine form and of great variety of shades. Extra mixed. .25

Cypress Vine. Popular vine, beautiful star shaped flowers. Mixed. .05

Dahlia, *Single.* The seed we offer is saved from one of the best collections, and may be expected to produce many superb sorts. .10

Dahlia, *Double.* Seed of this strain was saved from the very finest double flowers only, and will produce flowers equal, if not superior, to any in the market. .10

Daisy, *Double White.* Extra double, pure white Daisy. .10

PER PKT.

Daisy, *Delicata* (new). This handsome new variety has very double flowers of a rosy white shade with a light purple center; a rare and lovely color. Fine either for bedding or for cut flowers. .10

Daisy, *Mixed* (Bellis Perennis). A favorite plant for beds or for pot culture, in bloom from April to June; seed from the finest double varieties, mixed colors. .10

Datura Wrightii. Showy white and lilac flowers. .05

DWARF ERFURT CLOVE PINK.

Dianthus, *Double Dwarf Erfurt Clove Pinks.* These splendid new clove pinks grow very dwarf and compact, not over twelve inches high, and come into bloom two weeks or more in advance of other varieties. The flowers are very double and they have a richer variety of coloring than any other sort. They possess the strong, spicy fragrance of the old-fashioned clove pink, are beautiful and easily grown. They can be potted up when in full bloom. A very fine new variety. 2 pkts. 25 cts. .15

Delphinium. Finest hybrids of the double flowering perennial, hardy Larkspurs. .15

Dictamnus Fraxinella. Showy perennial with fragrant foliage. .10

Dianthus Heddewigi. An elegant mixture of all sorts. .10

Dolichos, *Hyacinth Bean.* Quick growing climber, white and purple mixed. .05

Eschscholtzia, *California Poppy.* Beautiful and popular garden annuals, the large saucer-shaped flowers being produced abundantly from spring until fall, finest mixed. .05

Eschscholtzia, *Golden West.* This fine new sort is very profuse blooming. The yellow cup-shaped flowers being very large and beautiful. .05

PILLAR SHAPED FORGET-ME-NOT.

Forget-me-not, *Large Flowered Pillar Shaped "Royal Blue."* This new variety is most striking on account of its charming manner of growth. Our cut gives a good idea of its form, which is entirely distinct from any other. The flowers are of a larger size and a deeper blue than any other. Blooms very early and makes a most charming pot plant or as an edging to flower beds. .10

Forget-me-not. White. .05

Forget-me-not. Blue. .05

Forget-me-not. Mixed. .05

Feverfew, *Double White.* Grandiflora. .05

Feverfew, *Golden Feather.* Pretty yellow foliage. .05

Geraniums. Finest mixed. .10

Gilia. Showy dwarf annuals, mixed. .05

Gloxinia Crassifolia Erecta. Our strain of these charming plants is magnificent. This strain produces extra large flowers of the most exquisite and gorgeous colors, many of which are magnificently spotted, mottled and blended. .25

Godetia Whitneyi Fulgida. The Godetias are a class of hardy annuals deserving of a more extensive cultivation. This new variety has flowers of a magnificent brilliant crimson scarlet with a white center, a color of surprising beauty and brightness. .10

PEK PKT.

Humulus Japonicus Variegata. A rapid summer climber with beautiful variegated foliage, attaining a height of twenty or thirty feet. Dense, luxuriant foliage. .05

NEW EVERBLOOMING HOLLYHOCK.

New Hollyhock, *Hybrid Everblooming.* This grand new introduction *flowers the first season from seed*, thus enabling many persons to enjoy the glories of Hollyhocks who have never had them before, on account of the trouble required in carrying over the plants or roots until the second year. Sown in March or April, this new type will bloom in July. They often attain a height of ten feet with numerous side branches being full of bloom until hard frosts. The wealth of bloom is phenomenal, and the shapes and colors of blooms are very varied. Some are double, some semi-double, some single, again others will be single with small double or anemone shaped centers, some will be frilled or flounced, some with smooth edged petals. Colors range in all shades from white through flesh color, apricot, yellow, carmine to dark red, purple, black, etc. .10

Hollyhock, *Mammoth Fringed Alleghany.* The mammoth flowers are wonderfully formed of loosely arranged fringed petals, which look as if made from the finest China silk, and when cut are hardly recognizable as a Hollyhock, having none of the formality of the ordinary type. The color varies from palest shrimp-pink to deep red. Plants are of majestic growth, with spikes six or seven feet high. .10

Hollyhock, *Chater's Prize Double.* The Hollyhock in its present state of perfection, is very unlike its parent of olden time. It now ranks with the Dahlia, Aster, Camelia, etc. The flowers are as double as a rose, of many shades of color from deep yellow, red, purple, to white. Hardy perennial, three to five feet. Our strain is magnificent; saved from prize flowers. Finest mixed. .10

Heliotrope, *Lemoine's Giant Hybrids.* They bear immense heads of bloom, the individual florets being very large and fragrant. .10

Lantana. New dwarf hybrids, fine. .10

Larkspur, *Dwarf Rocket.* Double flowers. .05

Larkspur, *Tall Stock Flowered.* Elegant long spikes. .05

Lathyrus, *Perennial Pea.* Equally as beautiful as Sweet Peas, perfectly hardy, blooming early in spring. Mixed colors. .10

Lobelia, *Speciosa.* Dark blue. .10

Lobelia. Fine for edgings and vases, finest mixed. .10

Lupinus. Mixed varieties. .05

New Marigold, *Gold Ring.* This charming new variety is very free flowering. Grows about one and one-half feet high, color of flowers being a dark velvety brown, charmingly marked around the edge by a distinct gold ring. Blooming so very profusely it is fine either for bedding or cut flowers. .05

Marigold, *Oriole* (Calendula). This is surpassingly grand and brilliant. The large double flowers are rich and glowing, bright golden yellow. .05

Marigold, *El Dorado* (or Dahlia flowered). The large, bushy plants, of good habit, are each a ball of brilliant colors. The flowers are globular, as perfectly double as a Dahlia, and measuring three inches across. Every one should plant these. Mixed. .05

Marigold. Finest dwarf varieties; flowers in profusion, in shades from sulphur color to dark orange; mixed. .05

Marigold, *Prince of Orange.* Florets striped with an intense shade of orange. For effective and persistent blooming in beds and

PER PKT.

groups it has no superior, its beautiful flowers being produced from spring until late in the autumn, producing a brilliant effect. .05

Marigold. Best French and African tall, mixed. .05

Marguerite, *Morning Star* (new). A superb Marguerite with immense flowers of an attractive soft yellow or primrose. The plants produce a great number of flowers from early summer to late autumn. .10

Maurandia. Beautiful, rapid climber, finest mixed colors. .10

CRIMSON GIANT MIGNONETTE.

Mignonette, *Crimson Giant* (new). A new extra select strain with spikes of flowers of giant size closely set with florets of an intense red. Plants robust and stocky in growth. .10

Mignonette, *White Pearl* (new). Growth is similar to the popular Matchet, being compact, with numerous flower spikes and a wealth of bloom. The color is exceptionally pure white for a Mignonette. Forms a beautiful contrast in combination with any variety of red Mignonette. .10

Mignonette, *Red Goliath* (new). This new giant sort comes nearer a double Mignonette than any other kind. It is without doubt one of the most magnificent of all Mignonettes, there being no other kind which approaches it in size of the single florets or thickness of the spike. The habit is upright, the flowers are borne on stiff, stout stalks, and the rich green foliage contrasts most strikingly with the fine red of the flowers. .10

Mignonette, *Matchet.* Of French origin, and a most desirable variety. The plants are dwarf and vigorous, of pyramidal growth, with very thick, dark green leaves. They throw up stout flower stalks, terminated by long and broad spikes of deliciously scented flowers, of red tint. .05

Mignonette, *Defiance.* When well grown, the spikes will grow from ten to fifteen inches long. The flowers are of a most delicious fragrance. The individual florets are of a large size and stand out boldly, forming a graceful as well as a compact spike. Has fine keeping qualities. .05

Mignonette, *Parson's White.* Flowers nearly white; a very desirable variety; good fragrance. oz. 30 cts. .05

Mignonette. Red flowering, or shaded with red tint; fragrant. .05

Mignonette. Large flowering, fragrant varieties. oz. 15 cts. .05

Mimulus Tigrinus. Beautifully blotched and spotted, mixed. .10

Moonflower, *New Pink Hybrid.* This new variety makes a rapid growth and covers a large space and produces blossoms by the thousands all summer and fall. Its foliage is dense, luxuriant and of a large size, often measuring seven inches across. Blooms are of a most exquisite soft lilac pink in color. It succeeds wherever a Morning Glory will do well. .10

Morning Glory, *Convolvulus.* Old-fashioned sorts mixed, still one of the best quick growing climbers. Splendid mixed. oz. 10 cts. .05

Morning Glory, *Imperial Japanese.* These grand new Morning Glories from Japan are remarkable for large size and exquisite new colors of flowers. Magnificent foliage, often beautifully blotched and of strong, robust growth. They are of all shades of red, from the most delicate pink to the most brilliant crimson, maroon, blue and pale lavender, and many odd shades. Many have a distinct marginal band of a different color from the rest of the flower, and some are as elegantly spotted and fringed. .10

IMPERIAL JAPANESE MORNING GLORY.

Morning Glory, *Double Japanese* (new). These grand new varieties have the same colors and blendings as the single, but most of the flowers come double. A fine new introduction. .10

PER PKT.

Nasturtium. Tall or running sorts, in following sorts: *Dark Crimson, Pearl, Sunlight, Moonlight, Vesuvius, King Theodore, Scarlet, Yellow, Orange, Straw Color Spotted, Scarlet Striped.* All fine colors. In separate colors each. .05

Nasturtium. Tall, superb, mixed. Made up of all the foregoing separate colors and many others besides. An elegant mixture and assortment of colors. oz. 15 cts. .05

Nasturtium, Madame Gunter. These new Hybrids make a strong growth, climbing from five to six feet high, and are covered from spring to fall with large, substantial flowers of the most brilliant shades. They are remarkable for their wide range of colors, being also striped and blotched in the most fanciful manner. This new strain deserves a place in every garden. oz. 15 cts. .05

Nasturtium, Chameleon. This highly interesting new variety presents a most unusual feature, which is, that the flowers are of different colors on the same plant, and that they are variously blotched, splashed, striped and bordered with these different colors. oz. 20 cts. .05

Nasturtium, Lobb's. Their great profusion of bloom renders them superior for trellises, arbors, for hanging-over vases, rockwork, etc.; the flowers are of unusual brilliancy and richness. Mixed. oz. 15 cts. .05

Nasturtium, Lilliput. The plants and flowers are both small. The dainty little flowers are produced in abundant profusion over the prettily veined leaves. oz. 15 cts. .05

PER PKT.

Nasturtium, Dwarf Mixed. A splendid mixture. oz. 15 cts. .05

Nicotiana Affinis. White, sweet-scented. .05

Nicotiana Affinis Hybrids. These new hybrids have large flowers and a great range of colors, pink, salmon, purple, crimson, rose, white and many other shades. Growing as easy as the commonest annuals and thriving in any soil and situation, they are the flower for the million. The plants grow robust and bushy, being covered from base to summit with a mass of flowers which exhale the same sweet fragrance as the old-fashioned white variety. Price, mixed colors. .10

Pansy, Giant. New, largest flowering mammoth Pansies in fine assortment. This mixture contains nearly all of the largest flowering sorts to date. Very fine in variety of coloring. .15

Pansy, Trimardeaux. Mammoth varieties, mixed; fine strain. .15

Pansy, Giant White or Giant Yellow. Separate colors in giant mammoth strain. *Giant Striped.* Mammoth fancy Pansies in odd stripes and combinations; either three sorts. .15

Pansy. Extra good, mixed; fine for bedding. .10

Pansy. Good mixed; cheap in price, but good quality. .05

Pansies, New Tufted. These grow in dense, compact little bushes, which are completely covered with their bright flowers from early spring until late in fall. For bedding it is extra fine, blooming much more freely in the hottest weather than other varieties. Colors range in all shades of white, pink, blue, yellow, violet and purple. .10

Pansy, Bugnot's Superb Blotched. The most fancy strain in existence, magnificently blotched, stained and veined in many fancy combinations; an extra fine strain which will please every lover of fine Pansies. .15

Petunia, California Giant. A fine strain of the large flowering varieties in both the gorgeous and delicate shades, and most of them giants in size. .25

NEW PETUNIA, KING ALPHONSO.

PER PKT.

New Petunia, *King Alphonso.* This superb large flowering Petunia bears very large dark crimson flowers the petals of which are boldly waved and frilled to such an extent that the widely opened brilliant black throat of the flower is often almost entirely concealed, giving it almost the appearance as shown in the cut, of a double flower, strikingly handsome in appearance. The growth of plant is very strong and robust. .25

Petunia, *Howard's New Star.* These handsome new varieties are the result of twenty years' work at hybridizing. They are characterized by velvety colors of the richest shades imaginable. In the center of the flowers appear a star, sometimes of a solid color and then again richly veined and mottled. .10

Petunia, *Baby Blue.* A distinct and wonderfully free blooming, new variety. The flowers are of a soft, reddish purple when examined closely, but when seen in a mass in the strong sunlight at a little distance appear a lovely blue. .10

Petunia, *Fancy Double Fringed.* The flowers of this magnificent strain are of immense size and exquisite colors, shades and markings; have beautifully fringed petals, making them very attractive. It is, perhaps, not generally understood that the seeds of double Petunias are only obtained by artificially fecundating single blooms with the double, making the seed necessarily high priced; and the progeny cannot be expected to come all double. Half-size pkt, 25c. .50

PER PKT.

Petunia, *New Dwarf Inimitable* (single). It forms a compact plant from five to eight inches high, by as much in diameter, and thickly covered with cherry-red flowers. each of which is marked by white star. .05

Petunia. Single fine mixed, solid colors; also striped and mottled, in a great variety of shades. .05

Petunia. Double varieties mixed. Many come striped and blotched; about one-fourth of the plants may be expected to produce double flowers; but the singles from these strains are also fine and desirable. .25

Phlox, *Drummondii Cuspidata.* Flowers with five dentated petals, the center tooth of each being elongated, the whole forming regular stars with white margin, very odd and pretty. Finest mixed colors. .10

Phlox. *Drummondii Grandiflora,* or large flowering kinds mixed; of very best quality. .10

Phlox. *Drummondii.* Fine mixed. 05

Platycodon Grandiflorum. A hardy perennial, producing very showy flowers during the whole season. They form large clumps and are fine for planting among shrubbery; mixed colors. .05

Platycodon Mareisi, *Hardy Perennial.* A very handsome variety for garden decoration in the summer and fall. Its branches bear numbers of beautiful, large, bell-shaped, open flowers, of a rich violet-blue. .10

NEW ADMIRAL POPPY.

New Poppy, *Admiral.* A surprisingly beautiful new variety. It is characterized by large round flowers of glistening pure white wiih a broad band of brilliant scarlet around the margin, occupying about a quarter part of each petal. These two colors form an exceedingly telling contrast and planted in groups produces a magnificent effect. .10

PER PKT.

Poppy, *Iceland.* The fragrant, elegant crushed-satin-like flowers are produced in never ceasing succession from the beginning of June to October. Not only are they attractive in the garden, but for elegance in a cut state they are simply unsurpassed. They flower the first season from seed, and will with slight protection live over winter in any of the northern states. .05

Poppy, *Miss Sherwood* (new). This pretty new Poppy has a handsome foliage and bears in great profusion large single flowers of a shining satiny white, the upper half of the corolla being a silky rose color. This is a combination of color quite virginal in its delicacy, and must be seen to be appreciated. .05

DOUBLE FEATHERED POPPY.

New Double Feathered Poppy. This beautiful new Poppy has a loose, artistic form, being distinguished by the very soft shades of coloring. Very free blooming, producing a wealth of bloom the season through. A valuable acquisition. .10

Poppy, *Horned.* A remarkable Horn Poppy from Asia-Minor, growing to a height of about two feet, and bearing large fine shaped flowers three to four inches in diameter, of a most brilliant orange red, with black or orange spots on deep yellow ground at the base of each petal. Seed sown in spring produce flowering plants by July which remains a mass of brilliant bloom until autumn. .10

Poppy, *Tulip.* Fourteen inches high and produces large flowers of the most vivid scarlet imaginable; the color being seen even from afar, of such glowing richness as to at once remind one of scarlet tulips. .05

Poppy, *The Mikado.* From Japan, it is in form and character essentially a Japanese flower in its quaint, yet artistic beauty. The petals at the base are whole, while the edges are cut and fringed in most charming manner. The color is most attractive, being white at the back, while edges are a crimson scarlet. .05

Poppy, *Fairy Blush.* Few Poppies can equal this in beauty. The immense globular flowers are perfectly double, and very large; the petals are elegantly fringed and pure white, except at the tips, where they are colored rosy cream. .05

Poppy, *Shirley.* The colors are blended in the most beautiful and showy fashion, and include almost every shade from pale rose to the most dazzling crimson scarlet, blotched and variegated in many styles. Very much pains have been bestowed upon them by the raiser, who has been carefully selecting them for years. Ours is an extra selected mixture carefully improved by a specialist. .05

Poppy, *Oriental.* Single dark scarlet with black spots; a hardy perennial; showy; flowers of immense size. .10

Poppy, *New Japanese Pompon.* Very dwarf compact bushy growth. The flowers are extremely double, being composed of a large number of soft, silky petals. A rich variety of colors. .10

Poppy, *Fancy Mixed.* This brand contains in large packets all the kinds we advertise and many other sorts, including many odd and beautiful shades which we have procured especially for this mixture. Our customers will find it the largest variety of Poppies they have ever seen from one package. If you are a lover of Poppies try this mixture. .10

Poppy. Carnation flowered; finest mixed; very showy. .05

Poppy. Peony flowered; blooms of immense size; best mixed. .05

Poppy, *Snowdrift.* Peony flowered; pure white. .05

Portulacca. Hardy annual, fine for edgings, rich colors, mixed, single. .05

Portulacca. Finest double, mixed. .10

Primrose, *New Star.* A beautiful new class of Primroses. The blooms are produced very freely in graceful panicles thrown well above the foliage. A plant covered with the beautiful sprays makes a very pretty object. Colors range from white through pink and blue to deep carmine. .25

Primula, *Obconica.* See description, page 28 of this Catalogue.

Ricinus, *Zanzibarensis.* New and distinct. Their gigantic leaves, two to two and one-half feet across, and the great size of the

PER PKT.

plants surpass any other known Ricinus. We offer it in a mixture, all producing a rich tropical effect. .10

Rhodanthe. A charming annual with everlasting flowers. .10

NEW SALPIGLOSSIS, GIANT EMPEROR.

Salpiglossis, *New Giant Emperor.* This superb new variety is of the easiest culture, succeeding in any sunny position. They grow from one and one-half to two feet high and produce freely all summer long the orchid like flowers in a great range of colors including red, rose, purple, blue, white, yellow, etc., nearly all being beautifully penciled and marbled with gold and other colors. They are fine for cutting, lasting a long time in water. A most charming new variety, a real "orchid of the hardy annuals." .10

PER PKT.

Salpiglossis. Large flowered varieties; splendid, all colors mixed. .05

Salvia Splendens, *Scarlet Sage Bonfire.* Fine for autumn decorations; growing from two to three feet high, and completely covered with brilliant scarlet flowers. Seeds should be sown early in spring, in house or hot-bed. .10

Scabiosa, *Snowball.* Beautiful new white variety; extra. .05

Scabiosa, *Large Flowered.* Finest sorts in many colors mixed. .05

Schizanthus Hybridus Grandiflorus. "*Poor Man's Orchid.*" Only a few annuals can compare with the floriferousness and beautiful fantastic colors of this beautiful novelty. It grows to a height of about 12 inches, growing in a pyramidal and compact bush which is completely covered with flowers. These blooms are very varied in magnificent combinations and pretty shades of the orchid-like flowers. .10

Stock Ten Weeks, *Giant Perfection.* Plants of this variety attain a height of two and one-half feet and produce long spikes of double flowers, much larger than the ordinary Ten Weeks' Stock; very fine. *Pure white or mixed.* .10

Stock, *Princess Alice.* "Cut and Come Again.") A fine and perpetual blooming Stock, growing about two feet high. If sown early, it commences blooming in June and continues until destroyed by frost. Its most valuable feature is that it produces perfect flowers during September and October, when other varieties sown at the same time have faded. It throws out numerous side branches bearing clusters of very double pure white fragrant blossoms and is excellent for cutting. .10

Stock Ten Weeks, *Large Flowered Dwarf.* A fine variety for general purposes, for cutting or for show; free flowering; white or mixed. .10

☞ All of above Stock seed is German grown, from pot plants only, and will produce a large per cent of finest double flowers.

Stock Ten Weeks. A fine mixture, in many colors. .05

Sweet William. Fine double mixed. .05

Sweet William, *Holborn Glory.* New extra large flowered varieties, elegant shades. .10

Smilax. Finest climber. .10

Torenia. Fine for vases. .10

Thunbergia. Mixed, fine vase plant. .10

Verbena, *Mammoth.* Extra large flowers. *Pink, Blue, White, Scarlet, Striped,* or the five colors *mixed,* each. .10

Verbena, *Sea Foam* (Candidissima). All that need be said of this fine Verbena is that the flowers are sweet-scented; trusses large and beautiful, and borne freely at all times, and snow white, always coming true from seed. .10

PER PKT.

Verbena, *Mixed.* Finest mixed from a large collection. This mixtures includes "Sea Foam" and a splendid assortment of colors; shades of purple, pink, scarlet striped and many others. .10

Verbena. A good grade of seed; mixed colors. .05

Violet. (English). Best varieties, mixed; seed germinates very slowly. .05

Vinca. Mixed. .05

Wallflower. Deliciously fragrant garden flowers, blooming early in the spring, with long conspicuous spikes of beautiful flowers. They should be protected in a cold frame or cellar in the winter, and planted out in May. Half-hardy perennial, finest double mixed, all colors. .10

Zinnia, *Jacqueminot.* Dark crimson, coming quite true from seed; very showy; fine for masses or beds. Makes a fine contrast combined with white. .10

Zinnia, *Lilliput* or *Pigmy.* Charming miniature Zinnias growing about twelve inches high, and with flowers like double Daisies. Very showy for edgings, beds and pot culture, and very fine for cut flowers. Mixed colors. .10

Zinnia, *Large Flowering Dwarf.* A new dwarf section, quite distinct. The flowers are as large or larger than the old class, and of much better shape, resembling Dahlias in form, and the habit of growth is compact and dwarf, rarely growing over two feet high; mixed. .05

Zinnia, *Giant Mammoth* (mixed). A class of Zinnias, differing from the older ones in its robust habit of growth, and the immense size of the perfectly formed, very double flowers of various striking colors. The plants rise to a height of three feet, and bloom freely during a long period. The luxurious growth and the large bright flowers make it valuable for large groups. .05

Zinnia, *Curled and Crested.* Magnificent variety of colors. From this, by persevering selection and careful culture, we have new strain of double flowering, curled and crested Zinnias, which eclipse in beauty, beyond all question, any other types of this popular garden annual in existence. The flowers are of perfect form—large, round, full and double, the petals being twisted, curled and crested into the most fantastic and graceful forms, rendering them entirely free from the stiffness which was heretofore characteristic of the family. .05

Zinnia, *Large Flowering Dwarf.* Pure white. .05

Wild Flower Garden Mixture. All kinds, mixed, contains nearly all the varieties we advertise, and many besides. These if sown in one bed, will make what is called the crazy bed. Put up in large packets, and very popular where a quantity of flowers are wanted, and in the largest variety for a little money. .10

Ornamental Grasses. Comprises a fine mixture of the best and most ornamental varieties of grasses. .10

Japanese Flower Garden. Comprises a mixture of picturesque grasses and hardy annuals, which when sown broadcast in a bed by themselves gives a quaint Japanese effect. .10

OLD-FASHIONED FLOWER GARDEN SEED.

In the race for new sorts of flowers, many of the old-fashioned ones of our grandmother's days have been overlooked. We have tried to gather together a few of the better ones, and amongst the following varieties will be found many of the quaint pretty flowers which will bring back recollections of earlier days when nearly every home had its cheery flower garden. Plant liberally of these flowers and you will be able to have something sweet and pretty the whole season through. We have marked with an (*) the perennials. All others should be treated as annuals.

Abutilon, *Chinese Bell Flower.* ***Acrolineum,*** *Everlasting.* ****Aconitum Napellus,*** *Monk's Hood.* ***Adonis,*** *Pheasant's Eye.* ***Ageratum,*** *Floss Flower.* White, blue or two colors mixed. ****Agrostemma Coronaria,*** *Rose of Heaven.* ***Amaranthus Caudatus,*** *Love Lies Bleeding.* ***Amaranthus Cruentus,*** *Prince's Feather.* ***Amaranthus Tricolor,*** *Joseph's Coat.* ***Balloon Vine,*** *Love in a Puff.* ***Cacalia,*** *Flora's Paint Brush.* ***Campanula Speculum,*** *Venus' Looking Glass.* ****Campanula Medea,*** *Canterbury Bells.* ***Centaurea Cyanea,*** *Cornflower or Bachelor's Buttons.* ***Centaurea Gymnocarpa,*** *Dusty Miller.* ***Clarkia.*** Easily grown annual growing two to two and one-half feet high, fine for cut flowers. ***Centranthus.*** Showy annuals in mixed colors. ****Digitalis,*** *Foxglove.* ***Euphorbia Variegata,*** *Snow on the Mountain.* ***Gaillardia,*** *Blanket Flower.* ***Gomphrena,*** *Globe Amaranth.* ***Gilia.*** Showy dwarf annuals. ***Gysophila,*** *Baby's Breath.* ***Helychrisum,*** *Straw Flower.* ****Hesperis Matronalis,*** *Sweet Rocket.* ****Iberis Gibraltica,*** *Hardy Candytuft.* ***Iberis Coronaria,*** *White Rocket.* ****Lychnis Chalcedonica,*** *Jerusalem Cross.* ***Linum Grandiflorum,*** *Scarlet Flax.* ***Lunaria Biennis,*** *Honesty or Satin Flower.* ***Marvel of Peru,*** *Four O'clock.* ***Mesembryanthemum Crystallinum,*** *Ice Plant.* ***Mimosa Pudica,*** *Sensitive Plant.* ***Mimulus Moschatus*** *Musk Plant.* ****Monarda Hybrida,*** *Bee Balm.* ***Mormordica Balsamina,*** *Balsam Apple.* ***Nigella Damascena,*** *Devil in a Bush.* ***Nigella Hispanica,*** *Love in a Mist.* **** Valeriana,*** *Garden Heliotrope.*

Price any above sorts, 5 cts. per package.

COLLECTION OLD-FASHIONED FLOWERS.

To induce a more liberal planting of above we will send choice of any 7 varieties of above for 25 cts. postpaid.

NEW SWEET PEA, BURPEE'S WHITE SPENCER.

This is the grandest white Sweet Pea yet introduced. It produces, in the greatest profusion, flowers of enormous size and absolutely pure white in color. The standard is decidedly waved, crinkled and fluted, measuring from one and three quarters to two inches across, and the wings of corresponding size. The flowers are borne three and four to the stem, which are extra strong and long, measuring twelve to fifteen inches in length. The vines are very vigorous with heavy foliage which is nearly covered with the mass of bloom, the flowers of which retain their enormous size throughout the season. They are of fine substance, being unsurpassed for cutting and for keeping after being cut. Price 15 cts. per pkt.

MONADNOCK BLUE RIBBON SWEET PEAS.

This is an elegant mixture containing only the very *choicest newest* of the giant flowered strains, many of which were offered last year as novelties of the first order. Contains such varieties as *Countess Spencer*, *Bolton's Pink*, *Cyril Breadmore*, *Evelyn Byatt*, *Helen Lewis*, *Phyllis Unwin*, *Romolo Piazzani* and many others of the newest choicest kinds. This mixture will give magnificent results both in size, floriferousness and new shades in Sweet Peas. Price per pkt. 10 cts.; oz. 20 cts.; ¼ lb. 60 cts.

STANDARD VARIETIES SWEET PEAS.

We are constantly receiving many testimonials in regard to the sterling quality of our Sweet Peas. Many have written us who have had poor luck with their Sweet Peas heretofore, that they have splendid luck with our Monadnock Gilt Edge strain, and that they will plant no other. If you want strong, vigorous Sweet Peas you should plant our Monadnock strain. Our sales are increasing very largely each year.

All the following are the cream of the older varieties, and all of the grandiflora or large flowered type. Price of all, except Countess Spencer, 5 cts. per pkt.; oz. 10 cts.

Countess of Spencer Hybrids. These are a distinct "break" in Sweet Peas, differing from our standard kinds by the extraordinary size of the flowers and by the standards being crinkled and wavy, while the wings are large and spreading. Another feature is that a large percentage bear four blooms to the stem, which are also long and strong. A distinct advance in Sweet Peas and should be planted by everyone. All colors, mixed.
Price 10 cts.; oz., 25 cts.

Admiration. Delicate shade of rosy lavender.

Aurora. White ground, striped orange rose.

Blanche Ferry, *Improved Painted Lady.* Popular pink and white.

Coccinea. Beautiful new shade of cerise.

Countess of Radnor. Pale mauve or lavender.

Captain of the Blues. Standard light maroon, wings light purple.

Dorothy Tennant. Beautiful deep rosy mauve.

Dainty. White daintily edged with pink.

Fascination. New beautiful magenta mauve.

Golden Rose. Primrose yellow, striped rosy pink.

Gray Friar. Beautiful watered purple on white ground.

King Edward VII. Enormous bright crimson, one of the finest to date.

Katherine Tracy. Soft brilliant pink.

Lovely. Soft shell pink.

Monarch. Standards bronzy crimson, wings rich blue.

Mrs. Fitzgerald. Soft cream flushed rose.

Mrs. Wilmott. Rich orange pink of enormous size.

Mont Blanc. Very early fine white.

Navy Blue. Deep violet blue.

Princess of Wales. White ground striped mauve.

Ramona. White daintily splashed soft pink.

Senator. Bright brown and chocolate striped.

Salopian Sunproof. Bright scarlet. One of the best.

Sadie Burpee. One of the finest whites.

White Wonder. Double stemmed many flowered white.

Bush Sweet Peas. Grows in bush form sixteen to eighteen inches high requiring little or no trellissing. Mixed colors.

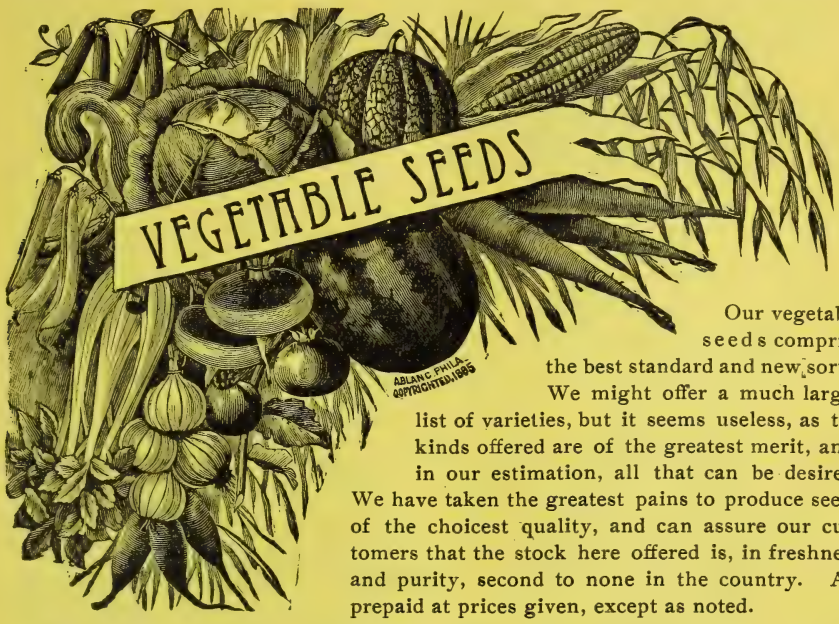
Dwarf Cupid. Grow only six to eight inches high. Mixed colors.

Double Flowering. Throws a large percentage of double flowers. Mixed colors.

MONADNOCK GILT EDGE MIXTURE SWEET PEAS.

This superb mixture is made up of all the separate varieties listed in catalog, together with the following choice named varieties and *many* others:

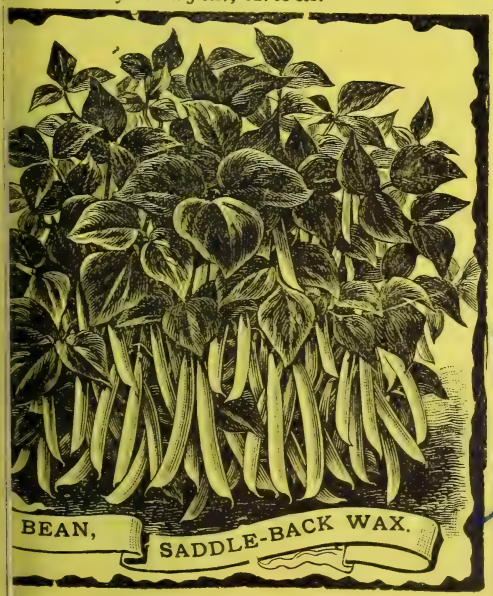
Apple Blossom, *Black Knight*, *Blanche Burpee*, *Blushing Beauty*, *Brilliant*, *Celestial*, *Coquette*, *Countess of Aberdeen*, *Duke of Clarence*, *Emily Eckford*, *Her Majesty*, *Meteor*, *Mrs. Jos. Chamberlain*, *Oriental*, *Pink Friar*, *Red Riding Hood*, *Sensation*, *Juanita*, *Countess of Powis*, *Crown Jewel*, *Duke of Southerland*, *Gorgeous*, *Lady Grisel Hamilton*, *Mikado*, *Lady Nina Balfour*, *Maid of Honor*, etc., etc. Packet, 5 cts.; oz., 10 cts. All combining and making one of the finest assortments ever offered, and at a price no higher than many of the cheaper mixtures. Price of this mixture *without discount*, and in larger quantity is as follows; 1-4 lb. 20 cts., 1-2 lb. 35 cts., 1 lb. 60 cts., postpaid.



Our vegetable seeds comprise the best standard and new sorts. We might offer a much larger list of varieties, but it seems useless, as the kinds offered are of the greatest merit, and, in our estimation, all that can be desired. We have taken the greatest pains to produce seeds of the choicest quality, and can assure our customers that the stock here offered is, in freshness and purity, second to none in the country. All prepaid at prices given, except as noted.

☞ **Deduct 8 cts. per lb. from pound prices of seed where they are ordered by express. Prices given by oz., 1-4 lb. or lb. are prepaid by mail except where specified.**

Asparagus, *Conover's Colossal.* Standard variety. Pkt. 5 cts.; oz. 10 cts.



Bush Bean, *Saddle-Back Wax.* Unequalled by any other Wax Bean in cultivation. The growth of the bush is vigorous. It is a profuse bearer, the plants in ordinary field culture bearing usually from twenty-five to forty pods each. The pods are long, round, very full of meat. When broken between the beans there is no open space—the pods being filled with meat. Unequalled in quality, with handsome, fleshy pods, as thick as they are wide, and absolutely stringless.

New Bush Bean, *Pencil Pod Wax.* This grand new Bean is extremely prolific. The magnificent straight pods are six to seven inches long, light golden yellow in color, beautifully rounded and meaty. Pods are brittle, solid and entirely stringless. Price, pkt., 10 cts.; pint, 30 cts.

Bush Bean, *Stringless Green Pod.* This splendid new Bean combines in itself these exceptional merits, viz: Unusual hardiness, extreme earliness, wonderful productiveness, handsome appearance and fine quality. Pods are rich green, very round and straight, solidly meaty and broad, very tender, brittle, and of the finest flavor, always stringless.

Bush Bean, *Golden Wax.* A strong growing, distinct variety, at least a week earlier than the "Black Wax." The pods are long, brittle, and entirely stringless. A standard variety and very popular. We sell large quantities every year.

Bush Bean, *Rust Proof Golden Wax.* This variety excels all others in its comparative freedom from rust. The straight handsome pods are very thick meated, and fine quality. Very popular with every one who has tried it.

Bush Bean, *Long Yellow Six Weeks.* Early, very productive, and of excellent quality. Pods are often eight inches long. Very popular for market.

Bush Bean, *Carmine Podded Dwarf Horticultural.* This is an earlier Bean than the old standard variety. The pods are a bright rich red in color, making it very desirable for market. Quality is of the best. Indispensable in every garden.

Bush Lima, Henderson's. Fit to use from two to three weeks earlier than any other variety of the climbing or Bush Limas. It grows about eighteen inches high, and produces immense crops of delicious Lima Beans, continuing to bear until cut down by frost.

Bush Lima, Burpee's. The only bush form of the true, delicious, large Lima. Of splendidly vigorous, upright, bushy habit of growth, great uniformity and trueness to type, and always bearing the delicious large Lima Beans in great abundance. This requires the same season for growth as the pole Lima, and can be grown only where the variety succeeds.

Bean, *Extra Early Golden Cluster Pole.* Long, golden yellow pods, borne in clusters; extra early, stringless, snaps very easily, vigorous, prolific, popular; quality tender, delicious. It is unequalled for earliness, productiveness and fine quality. The pods are almost round, entirely stringless, remarkably rich, tender and buttery when cooked; of the best possible flavor. The pods are fit to use when only two or three inches long; keep their fine, tender, rich and buttery qualities until fully ripe. One of the most productive Beans in cultivation. Pkt. 10 cts.; pint 25 cts. postpaid.

New Pole Bean, *Golden Carmine Horticultural.* This new Bean is a very strong grower, bearing a profusion of large, fleshy, golden yellow pods which, as they become older, are brightly marked with rich carmine flakes and stripes. The pods when young are unsurpassed for snap beans, being very meaty. It is a delicious shell Bean when more mature, and the great value of this double purpose Bean becomes apparent, the fine color of pods making it a very showy variety for market, either for string or shell Beans.

Pole Bean, *Old Homestead* or *Kentucky Wonder.* The pods of this fine variety are seven to nine inches long, and so fleshy that they are greater in width than breadth. They are solid, meaty, perfectly stringless when young and of the finest quality. Immensely prolific.

Pole Bean, *Worcester Horticultural.* This is a big improvement over the old standard "Horticultural." The pods are extra large, and of a most brilliant carmine color, thus making them very attractive for market. Both pods and beans are much larger than the ordinary sort, and produced in great profusion.

Pole Bean, *White Case-Knife.* Early pole Bean, with pods very long, flat, irregular, green, changing to cream-white, useful both as a shell and string Bean.

Pole Bean, *King of Garden.* Large, pole Limas; a grand Bean, but rather late for northern gardens.

Price any above varieties Beans except where noted: large packets 10 cts.; pt. 25 cts.; qt. 50 cts., postpaid. If to be sent by express deduct 20 cts. per quart from above prices. Write us for quotations for larger quantities.

Beet, *Crosby's Early Egyptian.* Fine for summer use; turnip shape, one of the best for first early. A fine market gardeners' Beet, as it is very early, fine color and small tops. Pkt. 5 cts.; oz. 10 cts.; lb. 65 cts.

Beet, *Edmund's Early Turnip.* This is the most uniformly "thoroughbred" of all Beets; with very small tops, the neat short foliage being of a bronzy red. The Beets are of a handsome round shape, very smooth. It does not grow very large and coarse as most varieties of the Turnip Beet. Pkt. 5 cts.; oz. 10 cts.; lb. 60 cts.

Beet, *Dewing's Improved Blood Turnip.* Fine turnip form, very symmetrical in shape, and free from any fibrous roots. Flesh deep blood-red, very tender and sweet; grows uniformly to a good size. Early, and when sown late, is desirable for winter. Pkt. 5 cts.; oz. 10 cts.; ¼ lb. 15 cts.; 1 lb. 60 cts.

Beet, *Crimson Early.* This Beet is the earliest variety in cultivation, and is ready to market in six weeks from time of sowing. The tops are short and green, and the bulbs of beautiful shape. The skin is deep blood-red in color; the flesh very dark, of finest quality. As an early Beet it has no equal. Pkt. 5 cts.; oz. 10 cts.; ¼ lb. 15 cts.; lb. 65 cts.

Beet, *Crimson Globe.* This grand new variety is extremely handsome either as a second early or main crop Beet. They are very smooth, being free from fibrous roots and having only a very slender tap root. Quality *superb* and remarkably sweet and tender. Flesh is a very handsome deep red, slightly zoned. Has very small tops, and altogether is a fine new acquisition. Pkt. 5 cts.; oz. 10 cts.; ¼ lb. 15 cts.; lb. 75 cts.

Beet, *Eclipse.* Intense, deep blood-red, small top. Sow late for winter use, one of the best, either for winter use or for an extra early. Pkt. 5 cts.; oz. 10 cts.; lb. 65 cts.

Beet, *Swiss Chard* (Silver or Sea-Kale). This variety is grown for its leaves only; the middle of the leaf is cooked and served like Asparagus; the other portions of the leaf are used like Spinach. Each year this becomes more popular as it becomes better known. Pkt. 5 cts.; oz. 10 cts.

Beet, Mangle Wurzels. For stock. The three following sorts are among the best. *Norbitan Giant*, improved long red, an immense yielder; *Golden Tankard*, an improved yellow globe, a great yielder; *Lane's Imperial Sugar*, of rich, sugary qualities, one of the best for stock feeding purposes. Either sort, oz. 5 cts.; ¼ lb. 15 cts.; lb. 35 cts. prepaid; by express, not prepaid, 22 cts. per lb.

Brussels Sprouts, *Perfection.* The plant grows about two feet high, and produces from the stem numerous little sprouts, one or two inches in diameter, resembling cabbage in miniature. Pkt. 5 cts.

Cabbage, *Early Winningstadt.* A well known and very popular second-early variety; heads large, decidedly conical; leaves a bright, glossy green; heads very solid and hard, even in summer. This is a very sure heading variety, valuable not only for early use, but for winter Cabbage; its vigorous growth enables it to withstand unfavorable conditions and hence very popular for general use. Pkt. 5 cts.; oz. 20 cts.

Cabbage, *All Head.* In this variety selection has been made to secure the largest early heads, with the fewest loose leaves. The deep, flat heads are solid and uniform in color, as well as in shape and size. By reason of the compact habit of growth, and absence of loose leaves, fully one thousand more heads can be obtained to the acre, than of most other varieties of the same size. Pkt. 5 cts.; oz. 25 cts.

Cabbage, *Early Summer.* This variety is deservedly popular with market gardeners. It

forms large, solid, round, flattened, compact heads of excellent quality. Pkt. 5 cts.; oz. 25 cts.

Cabbage, *Louisville Drumhead.* A very popular variety of large size, solid and a good keeper. A good reliable sort. Pkt. 5 cts.; oz. 20 cts.

Cabbage, *Danish Ballhead or Hollander.* This is a new type, highly esteemed for winter use by reason of the great solidity and excellent keeping quality of the heads. The heads are nearly round in form, very hard and solid. This variety has been bringing much higher prices in open market because of this remark- solidity of the heads. Pkt. 5 cts.; oz. 25 cts.

Cabbage, *Savoy.* The best of all for home use. The plants are vigorous, very sure heading, uniformly savoyed, and heads globular. Pkt. 5 cts.; oz. 20 cts.

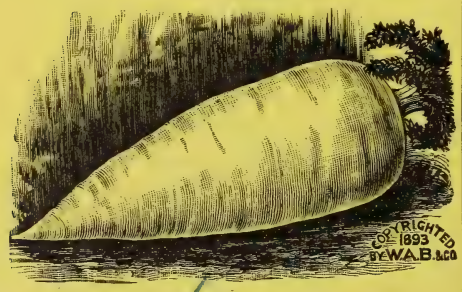
Cabbage, *Succession.* Its earliness, uniform large size, solidity and sure heading qualities, make it a most valuable Cabbage, either for private use or market. Larger than "Early Summer," and fine for a succession to the early varieties. Pkt. 5 cts.; oz. 20 cts.

Cabbage, *Early Jersey Wakefield.* The great favorite with market gardeners; the earliest, and sure to head. Our seed is true and the best. Pkt. 5 cts.; oz. 25 cts.

Cabbage, *Premium Flat Dutch.* One of the best winter sorts in cultivation; of fine quality and large size. Pkt. 5 cts.; oz. 20 cts.

Cabbage, *Large Red Drumhead.* Larger heads than the old "Red Dutch." Heads round in shape, of deep color, and remarkably hard and solid. Pkt. 5 cts.; oz. 25 cts.

Cabbage, *Autumn King.* "Solid as a rock." The large broad heads are very thick through, slightly rounded at the top; fine grained and tender—more so than any other large Cabbage. If you want first premium at fair, for largest Cabbage, try this. Pkt. 5 cts.; oz. 25 cts.



NEW IMPROVED SHORT WHITE CARROT.

Carrot, *New Improved Short White.* This new distinct field Carrot will take first rank owing to its enormous productiveness and the ease with which it can be harvested. It is half-long, very heavy at the shoulder, color light green above ground, white below, flesh rich white, solid, crisp, and of excellent flavor. As a heavy cropping, easily harvested white Carrot it is probably the best of its class. Price, oz. 10 cts.; ¼ lb. 20 cts.; lb. 60 cts. postpaid.

Carrot, *Imp. Long Orange.* Too well known to need description; an immense yielder; fine for stock. Pkt. 5 cts.; oz. 10 cts.; lb. 75 cts.

Carrot, *Chantenay* (or Model Carrot). For table use it is probably the best in shape and finest in quality of all. There are a little longer than the "Short Horn," being thicker at the shoulder, and hence more productive; always very smooth and fine in texture. Pkt. 5 cts.; oz. 10 cts.; lb. 85 cts.

Carrot, *Danvers.* Grown largely everywhere, on account of its great productiveness, adaptability to all classes of soil. Tops medium size; roots deep orange, large, but medium length, tapering uniformly to a blunt point, smooth and handsome; flesh, sweet, crisp, tender, and of a deep orange color. This variety, although the roots are shorter, produces as large a bulk as the older field sorts, and is easier harvested. Pkt. 5 cts.; oz. 10 cts.; lb. 85 cts.

Cauliflower, *Early Snowball.* Probably grown more than all other varieties together. It is exceedingly early and hardy, and is one of the surest to make a solid, compact head; also more and more in favor for planting for the late summer and fall crop. We have best seed procurable, and confidently recommend it as equal to that offered by anyone. Price ½ pkt. 15 cts.; 1 pkt. 25 cts.; ½ oz. 75 cts.

New Celery, *Golden Rose* (Rose Rib Golden Self-Bleaching). This fine new variety is identical in habit, growth, early maturity and easy bleaching qualities with Golden Self-Bleaching. The stalks when blanched show a distinct pink line in the ribs, contrasting finely with the rich golden yellow. A most attractive variety, quality excellent. Pkt. 10 cts.; oz 40 cts.

Celery, *Winter Queen.* The finest dwarf winter Celery yet introduced. Of a rich, green coloring, it is yet easier blanched than any other green winter Celery. It grows stout, thick heavy stalks with double the amount of heart of other varieties. It has a delicious nutty

flavor, and above all is an extra good winter keeper. Everybody should try this. Oz. 25 cts.

Celery, White Plume. The earliest and most easily blanched variety. Stalks bleach a snowy whiteness early in season. Not as good quality as some but valuable on account of earliness. Oz. 25 cts.

Celery, Golden Self Blanching. The finest of the self bleaching varieties. Dwarf compact habit with thick meaty stalks which blanch easily to a clear waxy yellow. Stalks crisp and solid and of fine flavor. Pkt. 5 cts.; oz. 30 cts.

Celery, Giant Pascal. Fine for winter use. The stalks are remarkably large, thick, solid and stringless. It is the largest Celery grown as regards width and thickness of stalks. When fully grown, the outer stalks are very thick, averaging two inches wide. Pkt. 5 cts.; oz. 20 cts.

EVERGREEN SWEET CORN.

New Sweet Corn, Golden Bantam. An extremely early hardy vigorous new variety, surpassingly delicious in flavor. Grows dwarf and sturdy to a height of about four feet, each stalk bearing two or three good ears. The ears are about five or six inches in length, eight rowed and well filled to the extreme tip. The flavor is very distinct, being exceedingly sweet and the skin very tender. It is so hardy it can be planted earlier than any other true sweet corn. Pkt. 10 cts.; pint 30 cts. postpaid.

Corn, Crosby's Early. Early and a great favorite. Rather small ears, but productive and of excellent quality. A favorite for family use.

Corn, First Crop. Superior to all other very early sorts, larger, earlier and very much sweeter; of dwarf habits, kernels white; ears eight-rowed and of good size. The sweetest sort for first crop. "First Crop" is the very best early corn we have ever grown.

Corn, Country Gentlemen. The finest of all sweet Corns, retaining its delicate tenderness and flavor even when a little old. For private family use, where quality is of the first consideration, it has no equal. The ears of good size, and are produced in great abundance, the average is three ears to a stalks, great depth to the kernels, which are of pearly whiteness. But the great merit is its delicious quality.

Corn, Cory. (White Cob). A standard extra early sort; good for home use and extra for market.

Corn, Early Shaker. Fine to follow "Cory;" very sweet; good for home or market.

Corn, Black Mexican. Medium early; good to follow "Shaker;" one of the sweetest.

Corn, Evergreen. The best late sort; large, sweet and fine.

Corn, Squantum. One of the sweetest varieties, and is largely used for market and canning. It is a general favorite, and is wonderfully productive. The variety used almost exclusively at the famous Rhode Island clambakes, which is sufficient evidence of its quality. Medium to late.

Price, above varieties Corn, except where noted, large pkts. 10 cts.; pint 25 cts.; qt. 45 cts. prepaid. If by express, deduct 8 cts. per pt.; 15 cts. per qt. from above prices.

Cress, Water. One of the most appetizing, delicious flavored of small salads; it does well in very moist situations, but thrives best in shallow water on the edges of streams, where it grows most luxuriantly. It is a hardy perennial. Pkt. 10 cts.

Cucumber, Nichol's Medium Green. We consider this most valuable as a pickle sort, and for early forcing purposes or for slicing there is no better variety. It is exceedingly productive, of medium size, and always straight and smooth. Color dark green, the flesh tender and crisp.

New Cucumber, Cumberland Pickle. This handsome new variety is the result of eight years careful breeding by one of the leading growers in the U. S. Vine is a rapid, strong, vigorous grower, and very prolific. The fruit grows very firm, solid and crisp, and being thickly set with fine spines over the entire surface, it has a very handsome appearance. Extra fine for pickles and for slicing is splendid; also the shape being very symmetrical and for flavor and crispness is unexcelled.

Cucumber, Long Green. Long fruit of excellent quality; dark green, firm and crisp. This is the improved sort, fine for all purposes.

Cucumber, *Japanese Climbing.* A very popular climbing variety, good for trellises or back yard fences; fruit handsome shape and fine quality.

Cucumber, *Imp. White Spine.* One of the most popular either for slicing or for pickles; abundant bearer of fine quality. We have an extra nice strain.

Cucumber, *Emerald.* This beautiful new Cucumber is a seedling of the "White Spine," and retains all the good points of its parent, with the addition of a rich, dark skin, entirely free from spines. It is strictly an evergreen, retaining its color until fully ripe. The long, straight, handsome fruits are produced early and abundantly.

Cucumber, *Cool and Crisp.* The earliest and most productive of all pickling Cucumbers. At the pickling stage they are straight, long, even and slim, and until fully grown are of a dark green color. One of the best pickling varieties, also excellent for slicing.

Cucumber, *Early Cluster and Early Frame.* Two popular varieties, very similar. Early and very prolific of fruits of the form so much desired for pickling, also good for slicing.

Price all above varieties of Cucumbers, 5 cts.; oz. 10 cts.

Dandelion, *Large Leaf.* A new French sort, double the size of common variety. Sown in spring or summer, fit to cut following spring. Pkt. 5 cts.; oz. 35 cts.

Egg Plant, *New York Spineless.* Fruit of largest size, and quite free from spines; of splendid quality. Pkt. 10 cts.

Fennel. The leaves boiled, enter into many fish sauces. Pkt. 5 cts.

GOURDS.

Gourds (ornamental). Contains the following sorts: *Gooseberry, Club, Nest Egg, Lemon, Bottle, Onion, Orange, Pear, Serpent, Sugar Trough, Dipper and Dishcloth.* Separate or mixed. Pkt. 10 cts.

Kale, *German Dwarf Curled.* Sown in spring for summer use, and in fall for spring. A very hardy variety. Pkt. 5 cts.; oz. 10 cts.

Lettuce, *Prize Head.* An early sort, deep green, so washed with red as often to appear more red than green; forming a head of a dense mass of leaves rather than one like a cabbage, and very slow to run to seed; leaves large, nearly round, frilled at the edge, and densely blistered, and are exceedingly crisp, tender and good flavored, and not bitter as early as other varieties.

Lettuce, *Hanson.* Improved Hard Heading Stock. Heads green outside and white within; grows to a remarkable size, very solid, and is refreshingly sweet, crisp and tender. It withstands the hot sun. Most of the heads are so solid that they do not send up any seed stalks unless cut open with a knife.

NEW BRITTLE ICE LETTUCE.

Lettuce, *Brittle Ice* (new). This fine new Lettuce is very large, extremely crisp, hard heading and extra long standing. The plants grow twelve inches across and make large closely folded heads fully eight inches across. The large heads are slightly flattened at the top and closely folded so that the interior leaves are blanched to a pure white and are always crisp and brittle. While essentially a midsummer variety, this new Lettuce is desirable also for early spring planting or fall use. The heads remain in a fine condition for table use much longer than will the smaller heads of earlier sorts. Pkt. 10 cts.; oz. 25 cts.

Lettuce, *Deacon or San Francisco Market.* The heads are very solid and of excellent flavor, and remain in condition for use as long as any variety in cultivation. Plant medium size, with very few outer leaves; one of the very best varieties for summer use.

Lettuce, *Black Seeded Tennis Ball.* Early hard head; few outside leaves; grown largely under glass and early for gardens.

Lettuce, *Perpetual.* Our customers will be especially pleased with this variety for a summer Lettuce, as it is of the finest quality and remains for a long season tender and crisp; unexcelled as a long standing sort, combining tenderness, beauty and delicate flavor.

Lettuce. Above eight varieties mixed. A fine variety for little money. You get early, medium and late in one package.

Price any above varieties Lettuce, except where noted, 5 cts.; oz. 10 cts.

NEW MUSTARD, FORDHOOK FANCY.

New Mustard, *Fordhook Fancy.* This fine new variety is distinct from anything in cultivation, the edges of the beautiful dark green leaves being curled and lacinated almost as thoroughly as double curled parsley, making the leaves equally as desirable for garnishing. It is more productive than any other variety from early spring sowings and *more stubborn in running to seed.* It stands well even during the hot summer months. By making several sowings a few weeks apart, a continuous growth of fresh tender leaves may be had throughout the

season. *Even those who do not care for mustard as a piquant salad will be delighted with the leaves of "Fordhook Fancy" cooked like spinach any time during the summer. It is even superior to the best spinach in flavor.* Don't fail to try it. Pkt. 10 cts.; oz. 15 cts.

Mustard, Chinese. Leaves twice the size of the ordinary white Mustard; stems more succulent; flavor pleasantly sweet and pungent. Pkt. 5 cts.; oz. 10 cts.

MUSK MELON, NETTED GEM.

Musk Melon, Netted Gem (Rocky Ford). The best, early, small, green-fleshed Melon known today. Shape is almost a perfect globe, weighing from one and a quarter to one and a half pounds each. They are thick meated, the flesh is light green in color, and uniformly of fine, luscious flavor; skin green, regularly ribbed and thickly netted. Very prolific and extra early. Pkt. 5 cts.; oz. 10 cts.

Musk Melon, Emerald Gem. All who have grown it unite in pronouncing it unequalled in rich, delicious flavor. The skin while ribbed, is smooth and of a very deep emerald green color. The flesh is thicker than in any other Melon of its size, is of a suffused salmon color, and ripens thoroughly to the extremely thin green rind; luscious beyond description. The Melons mature extremely early. Pkt. 5 cts.; oz. 10 cts.

Musk Melon, Paul Rose (or Petosky). Possesses the fine netting of the "Gem," and averages about the same size, but owing to the great thickness of its beautiful salmon-colored flesh will weigh at least one-third more than a "Netted Gem" of the same size. One of the best of the salmon-fleshed varieties. Pkt. 5 cts.; oz. 10 cts.

Water Melon, Mountain Sweet. Fruit oblong, dark green; rind thin; flesh red, solid and sweet. One of the earliest large Melons. Pkt. 5 cts.; oz. 10 cts.

Water Melon, Cole's Early. This is one of the finest early Water Melons; of medium size, and it is so early that it matures in every state; very hardy; the flesh is deep red in color, clear to the rind, and is most sweet and delicate in flavor. It is exceedingly brittle, and hence cannot be shipped to distant markets, but is most desirable for the home garden. Pkt. 5 cts.; oz. 10 cts.; ¼ lb. 25 cts.

WATER MELON, COLE'S EARLY.

Okra, Dwarf Prolific. A very fine new variety, much dwarfer than the ordinary dwarf Okra, and much more productive; short thick pods. Very palatable when stewed and served as is a dish of Asparagus. So delicious is the flavor that once used always used. Pkt. 5 cts.; oz. 10 cts.

ONION, YELLOW GLOBE DANVERS.

Onion, Yellow Globe Danvers (extra selected strain). This variety is now the standard medium yellow Onion of our market the world over. Our strain of this sort is unsurpassed, being grown in Connecticut from selected stock and will produce heavy crops of handsome uniform bulbs. Oz. 25 cts.; 1-4 lb. 75 cts.; 1 lb. $2.25 prepaid.

Onion, *Wethersfield Large Red.* One of the best; all our stock is extra selected, and of the very best quality. Pkt. 5 cts.; oz. 20 cts.; lb. prepaid, $2.00,

Onion, *Prize Taker.* This variety grows to an immense size, measuring from twelve to eighteen inches in circumference under good culture. It is of handsome globe shape, and flesh is mild and delicate in flavor. Pkt. 5 cts.; oz. 20 cts.; ¼ lb. 60 cts.

Onion, *Early White Queen.* The bulbs are a pure white, growing about an inch in thickness and very mild and delicate in flavor. Used very largely for pickling. Pkt. 5 cts.; oz. 20 cts.

☞ We might offer cheaper strains of Onion seed at much lower prices but cheap seed is dear at any price. Our seed is Connecticut grown of the choicest strain and the above is offered very low considering quality.

Parsley, *Double Curled.* Very nice. Pkt. 5 cts.

Parsley, *Moss Curled.* The leaves are beautifully curled or crimpled, and of a peculiar, extra dark green color. It is very productive, and from the densely curled character of its leaves, green seasoning or garnishing can be prepared in much less time than open-leaved varieties. Pkt. 5 cts.; oz. 10 cts.

Parsnip, *Guernsey.* A half long variety; fine quality. Pkt. 5 cts.; oz. 10 cts.

Parsnip, *Hollow Crown.* Best variety; long, smooth white. The great market sort. Pkt. 5 cts.; oz. 10 cts.

PEA, DUKE OF ALBANY.

New Pea, *Duke of Albany.* A grand large podded wrinkled Pea of superlatively fine quality, each pod containing nine to twelve immense peas and produced in great profusion. The vines grow about three feet in height and are exceptionally hardy. A most valuable variety, combining productiveness, vigor and sweet sugary quality. A fine second early Pea. Pkt. 10 cts.; pt. 30 cts. postpaid.

Peas, *Thos. Laxton.* This fine new Pea closely resembles "Gradus" in size of pod and peas, the pods being darker colored and square at the end. The flavor is as sweet and fine and crop comes in only two or three days later than "Gradus." Vines grow about three feet high, strong and vigorous, producing uniformly large pods, well filled. So much superior to "Gradus" that we have dropped that variety from our list. Pkt. 10 cts.; pint 30 cts. postpaid.

New Pea, *Dwarf Defiance.* A new variety growing about two feet high. Heavy vigorous vines producing extra large dark green pods in great profusion. An extra fine second early. Fine quality; a valuable addition to our list. Pt. 30 cts.

Peas, *Nott's Excelsior.* One of the best of recent introduction; an improvement on "American Wonder," being more vigorous and prolific, with larger pods and more peas. Sure to become popular when generally known; height, one foot. Pkt. 10 cts.; pt. 25 cts.; qt. 45 cts. postpaid.

Peas, *Telephone.* An immensely productive Pea of the finest quality. Pods are very large in size, containing six to seven peas closely packed, which are of a delicious flavor. Height about four feet, a very popular variety. Pkt. 10 cts.; pt. 20 cts.; qt. 45 cts. postpaid.

Peas, *American Wonder.* The earliest of all wrinkled Peas. Of dwarf habit, growing from nine to twelve inches high, and producing a profusion of good sized and well filled pods of the finest flavor. One of the most popular sorts. Pkt. 10 cts.; pt. 25 cts.; qt. 45 cts. postpaid.

Peas, *Premium Gem* (Improved McLean's Little Gem). A valuable variety, growing about fifteen inches high, and among the earliest dwarf, green, wrinkled sorts. The quality is unsurpassed; a remarkable characteristic is its wonderful prolificness.

Peas, *Yorkshire Hero.* Long, round pods, closely filled with large, luscious, wrinkled peas, very productive. Well worthy of general cultivation; of similar type to the well known "Champion of England;" in many sections it is more productive.

Peas, *Champion of England.* Undoubtedly one of the best Peas grown and very popular. It is very productive, peas of a delicious flavor; height, four to five feet. The standard Peas for main crop or summer use.

Peas, *Dwarf Champion.* A very popular sort. Similar in every respect to "Champion of England," except it grows only half as high.

Peas, *Large Black Eye Marrow Fat.* An excellent variety, growing about five feet high; pods large; a prolific bearer.

Peas, *Sunol.* An extremely early variety, producing good sized pods in the greatest profusion. Peas are splendid flavor for so early a sort, and is decidedly the most profitable of all the early sorts. Grows medium height.

Peas, *First of All.* A very early market sort; height about two and one-half feet. Very productive and excellent quality for so early a variety.

Peas, *Bliss' Everbearing.* A very prolific variety with vines growing two and one-half to three feet high with long pods well filled with large peas of excellent quality.

Price above eight sorts, large packets 10 cts., pint 20 cts., quart 40 cts. postpaid. Where Peas are to be sent by express deduct 15 cts. per quart from above prices. Write for quotations on larger lots.

Pepper, *Bell or Bull Nose.* A standard variety with good sized, thick, fleshy fruits. Pkt. 5 cts.; oz. 25 cts.

Pepper, *Early Squash.* Thick fleshed, early variety of mild flavor. Pkt. 5 cts.; oz. 25 cts.

Pepper Grass, *Extra Curled.* Fine flavor and the best for dry soils. Pkt. 5 cts.; oz. 10 cts.

Pumpkin, *Com. Field.* Fine for stock, a heavy cropper. Pkt. 5 cts.; ¼ lb. 15 cts.; lb. 40 cts.

Pumpkin, *Quaker Pie.* A very prolific sort having fruits of medium size, but quality sweet, sugary and fine grained. Pkt. 5 cts.; oz. 15 cts.

Radish, *Early Round Dark Red.* Of very deep, dark red skin; beautiful shape, and extra early. This is the best strain of Extra Early Scarlet Turnip Radish in cultivation; extra fine quality; always crisp.

Radish, *Scarlet Turnip White Tipped.* A small, round turnip-shaped Radish, of bright scarlet, tipped with pure white. Ready to pull twenty days after sowing.

Radish, *French Breakfast.* A great favorite, bright scarlet with pure white tip, oval in shape.

Radish, *Crimson Giant.* This new type of Radish will grow to a circumference of five or six inches but in spite of its large size, will not grow hollow or pithy, or lose its delicacy or tenderness. Combines quickness of growth with large size. Every lover of a good Radish should try this new variety.

Radish, *Non Plus Ultra.* The earliest of all, being fit for use in about twenty days. Brilliant red in color, much used by market gardeners.

Radish, *Long White Vienna.* This new Radish is most beautiful in shape, white in color; both skin and flesh being pure snow white; crisp, brittle and of rapid growth.

Radish, *Triumph.* This is very early. Shape almost round, with very short tops, making it valuable for cultivation under glass. Flesh is crisp, solid and of mild flavor. The color is very attractive, being white, striped and splashed with bright scarlet. Makes a very attractive contrast when bunched with other colors for market.

TRIUMPH RADISH.

Price above seven sorts Radish, pkt. 5 cts., oz. 10 cts., 1-4 lb. 20 cts.

Salsify, *New Mammoth.* Extra large, averaging fully double the size and weight of roots of the old variety. The roots are of superior quality. Pkt. 5 cts.; oz. 15 cts.

Spinach, *Long Standing.* For greens. Pkt. 5 cts.; oz. 10 cts.; ¼ lb. 15 cts.

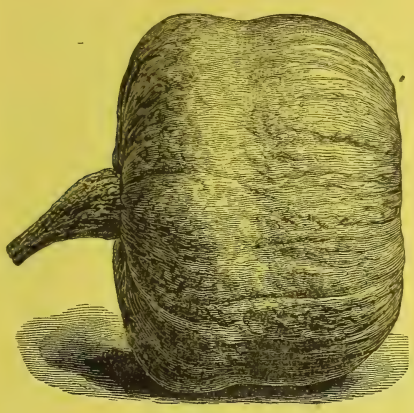
New Squash, *Delicious.* This new Squash is conceded to be of better quality than the Hubbard was at its best. No Squash approaches it in its remarkable combination of fineness and compactness of grain, dryness, sweetness and exceeding richness of flavor. It grows to weigh from five to ten pounds, the squashes varying in color but of uniform delicious flavor. Pkt. 5 cts.; oz. 10 cts.; ¼ lb. 30 cts.

Squash, *Fordhook.* A desirable running variety either for summer or winter use. The vines are wonderfully productive, the fruits being oblong in form, with smooth thin yellowish skin and a very thick flesh. If gathered young for cooking the flavor is delicious, while if allowed to ripen on the vines they can be stored and will keep all winter. The quality is unsurpassed. Pkt. 5 cts.; oz. 10 cts.

Squash, *Faxon.* The fixed characteristics are earliness, long keeping, uniformity of shape, variety of colors, and the excelling in richness, sweetness and flavor. Even when not fully ripe it is of excellent quality as a summer Squash. Pkt. 5 cts.; oz. 10 cts; ¼ lb. 25 cts.

Squash, *Hubbard.* Well known winter sort. More of this variety grown than of all other winter squashes combined. Ours is a very fine strain.

Squash, *Chicago Warted Hubbard.* Same as "Hubbard," except skin is rough and warty instead of being smooth. Quality the best. Many prefer it to "Hubbard" for market.



ESSEX HYBRID SQUASH.

Squash, *Essex Hybrid.* Although early, yet is a long keeper; flesh dry, thick and sweet, better than "Turban," a standard variety. Pkt. 5 cts.; oz. 10 cts.; ¼ lb. 25 cts.; lb. 85 cts.

Squash, *Golden Hubbard.* Identical in size, form and fruitfulness, as the "Warted Hubbard." The heavily warted skin is a rich orange yellow turning to a deep salmon red. Of attractive appearance and as productive and prolific as the original "Hubbard."

Price above three "Hubbard" sorts, pkt. 5 cts., oz. 10 cts., 1-4 lb. 30 cts., lb. 90 cts. postpaid.

Squash, *Dunlap's Early Prolific Marrow.* The standard early of the running varieties. No variety can compete with it for earliness, it being about twelve days ahead of the "Boston Marrow," and for this reason can be planted a week later than any other kind. Its color is most attractive, a brilliant orange red. Quality excellent when mature. A good keeper. Pkt. 5 cts.; oz. 10 cts.; ¼ lb. 25 cts.; lb. 75 cts.

Squash, *Summer Crookneck.* The popular standand summer sort. Pkt. 5 cts.; oz 10 cts.

Squash, *New Giant Summer Crookneck.* Equally as early as the common variety, while the Squashes grow to an extra large size, measuring from eighteen inches to two feet long, and of good quality. Pkt. 5 cts.; oz. 10 cts.

Squash, *Bush Scallop.* Best early of the scalloped sorts. Pkt. 5 cts.; oz. 10 cts.

Sunflower, *Mammoth Russian.* Large flowers and seeds, valuable for poultry. Pkt. 5 cts. oz. 10 cts.; 1-4 lb. 30 cts.

Tomato, *Chalk's Early Jewel* (new). Within a week or ten days as early as the famous "Spark's Earliana," it is a heavier cropper with tomatoes of larger size and sweeter flavor. Of compact growth, the plants are very productive being fairly loaded both early and throughout the season. The fruits are uniformly of good size, very solid and deep through; almost round. Color brightest scarlet. A fine acquisition. Pkt. 10 cts.; oz 30 cts.

TOMATO, EARLIANA.

Tomato, *Earliana.* This is the earliest Tomato of good size to date. In our trials with this we found it an enormous yielder of large, smooth, solid, bright red fruits of most excellent flavor. This sort will be one of the most profitable sorts for the market gardener as well as the private planter, being the earliest, smooth, bright red Tomato, of good size now in cultivation. Ours is an extra selected market gardeners' strain. Pkt. 10 cts.; oz. 30 cts.

Tomato, *Matchless* (Improved Trophy). The fruits are of the largest size and the size of the fruit is maintained throughout the season, the healthy growth of foliage continuing until killed by frost. Produces extra large fruits, smooth, handsome and marketable. Pkt. 5 cts.; oz. 35 cts.

Tomato, *Ponderosa.* This is the largest fruit Tomato in cultivation, and for the private planter is unexcelled. Fruits are solid, fleshy, few seeds and of fine quality. Specimens grow to immense size. Pkt. 10 cts.

Tomato, *Quarter Century.* Similar to "Dwarf Champion" in dwarf, erect growth. Its size, solidity and quality and bright red color, prolificness and earliness will make it a favorite. Pkt. 10 cts.; oz. 25 cts.

Tomato, *The Aristocrat.* An excellent new sort, resembling in growth and foliage the "Dwarf Champion," but color is red. Pkt. 5 cts.; oz. 25 cts.

Tomato, *Dwarf Champion.* One of the most valuable sorts, entirely distinct in habit of growth and foliage. Always smooth and attractive in appearance. Pkt. 5 cts.; oz. 25 cts.

Tomato, *Perfection.* Fine smooth variety, prolific and productive. Pkt. 5 cts.; oz. 25 cts.

Tomato, *Yellow Plum.* Small yellow plum-shaped variety. Pkt. 5 cts.

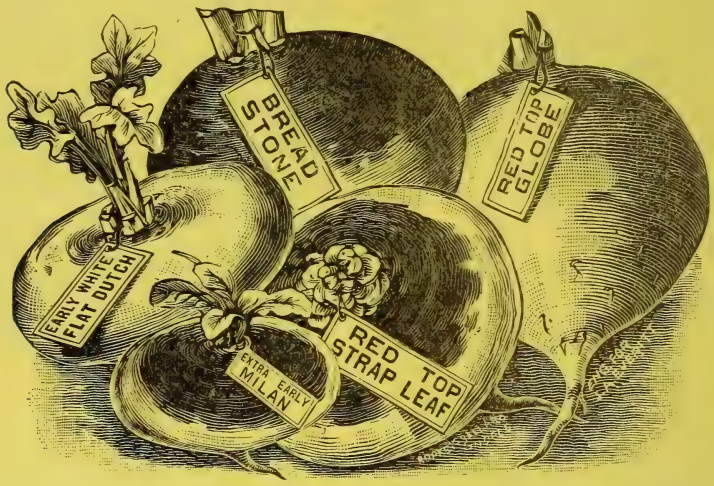
Tomato, *Dwarf Stone.* Has dwarf stocky growth, the fruits being produced in clusters of three to five. The fruits are large, bright scarlet, very smooth, firm and solid being a solid meat with no hard core. Very productive of fruit of the finest quality. Pkt. 10 cts.; oz. 35 cts.

Turnip, *White Egg.* Its shape is nearly oval or egg; flesh very firm and fine grained, thin and perfectly smooth skin; both flesh and skin are of snowy whiteness. Its flavor is fine. Pkt. 5 cts.; oz. 10 cts.; 1-4 lb. 20 cts.; lb. 60 cts.

Turnip, *White Milan.* It grows with wonderful rapidity, and is the earliest White Turnip in cultivation. Pkt. 5 cts.; oz. 10 cts.

Turnip, *Golden Ball* (or Orange Jelly). The flesh of fine texture, making it one of the best table varieties. Beautiful color. The bulb is of medium size, early. Pkt. 5 cts.; oz. 10 cts.

Turnip, *Yellow Stone.* One of the best and most popular yellow-fleshed varieties for table use; also good for stock. Pkt. 5 cts.; 1-4 lb. 15 cts.; lb. 50 cts.



Turnip, *Burpee's Bread-Stone or Budlong.* This new Turnip is of medium size, very quick growing, and the roots are very smooth and white with a faint green top. The flesh is perfectly white, fine grained, remarkably tender, very sweet; extra fine Turnip for winter and spring use. Pkt. 5 cts.; oz. 10 cts.; 1-4 lb. 20 cts.; lb. 60 cts.

Turnip, *Sweet German.* The well known winter variety. Very sweet; extra for table use. Fine for winter. Pkt. 5 cts.; oz. 10 cts.; lb. 50 cts.

Turnip, *Laing's Swede.* Quick growing; good for table or for stock; yellowish flesh. Pkt. 5 cts.; oz. 10 cts.; lb. 40 cts.

Turnip, *Red Top White Globe.* An early variety, globe-shaped; heavy cropper, in other respects similar to the "Red Top Strap Leaf." A handsome looking bulb. A fine early Turnip for market purposes. Pkt. 5 cts.; oz. 10 cts.; lb. 50 cts.

Turnip, *Rhode Island Rock* (new). In this new Turnip we have a great improvement made on the White French Turnip, after years of selection by a R. I. market gardener. It is fully three weeks earlier than any other Turnip of its class. It is very hard and solid, flesh pure white, fine grained, brittle and sweet. Its crowning point however is its *wonderful keeping qualities,* exceeding all other Turnips in this respect. Pkt. 5 cts.; oz. 10 cts.

Turnip, *Imp. Purple Top Swede* (Yellow Flesh). A very early free growing new variety, with short neck and small top, flesh deep yellow, one of the handsomest Purple Top Swedes in cultivation. Pkt. 5 cts.; 1-4 lb. 15 cts.; lb. 50 cts.

Turnip, *Strap Leaf.* "Red Top" or "White Top," well known early sorts; largely grown, either sort. Pkt. 5 cts.; oz. 10 cts.; 1-4 lb. 15 cts.; lb. 50 cts.

☞ Above prices for Turnip are postpaid. If to be sent by express deduct 8 cts. per lb. from above prices.

SWEET AND MEDICINAL HERBS.

Catnip. Pkt. 5 cts.; oz. 25 cts.

Fennel. The leaves boiled used in many sauces. Pkt. 5 cts.

Lavender (Lavendula vera). The *true* lavender. Pkt. 10 cts.

Sage. Indispensable for seasoning. Pkt. 5 cts.; oz. 20 cts.

Summer Savory. For flavoring soups and dressings. Pkt. 5 cts.; oz. 15 cts.

Sweet Marjoram. Leaves used for seasoning. Pkt. 5 cts.

Thyme. For seasoning and medicinal purposes. Pkt. 10 cts.

Wormwood. (Artemesia absinthium). Used medicinally. Pkt. 5 cts.

SMALL FRUITS.

RASPBERRIES.

Cuthbert. The leading late market variety. The canes are hardy and strong, rampant growth, and exceedingly productive. Berries large, crimson and of good flavor. Price 60 cts. per doz.

Cumberland, *New Black.* Among the hardiest, wonderfully productive, the fruit possessing unusual firmness, making it a good shipper; a strong, vigorous grower. Price 75 cts. per doz.

All Raspberries ten cents less per dozen, if by express.

GRAPES.

Moore's Early. The best black Grape for northern New England. Matures fruit full twenty days before Concord, and quality is better. We have found that this Grape will mature in many places where the Concord will not. Price 25 cts.

Green Mountain. A magnificent new white Grape, splendidly adapted to our severe winters. A splendid profuse bearer and quality very fine.

CURRANTS.

Fay's Prolific. The leading red variety, and is one of the best Currants we have. It has been widely planted and has given general satisfaction. The bush is a strong grower, wonderfully prolific. Price, 1-year, 10 cts.; 75 cts. per doz.; 2-year, 15 cts.; $1.25 per doz. Strong healthy bushes.

White Grape. Its bunches are extremely long, berries large, of a beautiful translucent white, and excellent flavor; the best white variety. Price, 1-year, 75 cts.; 2-year, $1.25 per doz.

STRAWBERRIES.

Glen Mary. A fine variety for the home garden and near market. Is perfect flowering of large size, good quality and large yield, color dark glossy crimson. Ripens in mid-season and can be classed as one of the best for the family garden.

Brandywine. This is a good all round berry. A healthy, luxuriant grower and very productive, blossom perfect, fruit large, of good form, bright red and good quality. Season medium to late. Succeeds on any soil.

Senator Dunlap. This new variety is a strong grower with a healthy foliage. Has a perfect blossom, is hardy, productive, of good quality, a splendid keeper and a wonderfully fine all purpose variety.

Clyde. Fruit very large, light red, conical, firm and best quality. Plant very vigorous, plenty of runners, hardy, free from rust and very productive. It may be called a perfect variety. It resists drouth on account of its habit of deep rooting; growing equally well on any soil. Season, medium to quite late.

Price all above varieties 25 cts. per doz., postpaid; $1.00 per 100, by express, not prepaid.

VEGETABLE PLANTS AND ROOTS.

A LEAF OF HOLT'S MAMMOTH SAGE.

Holt's Mammoth Sage. Planted on rich ground, this splendid variety often attains a diameter of three feet the first season. Leaves are of immense size, unusual substance and fine strong flavor. Given good rich culture, double the quantity of superior Sage can be cut than from the ordinary variety. Never seeds with us, therefore no seed to offer. Price, plants 10 cts.; 3 for 25 cts.

Tomato Plants. Earliana, Quarter Century, Aristocrat, Champion, Dwarf Stone, Chalk's Early Jewel. Price, pot plants, 6 cts. each; 60 cts. per doz.; hot bed plants, 35 cts. doz.; $2.00 per 100.

Pepper Plants, *Bell or Early Squash.* Price 3 cts.; 30 cts. per doz.

Cauliflower Plants. Early Snowball. Price, doz. 20 cts.; $1.50 per 100.

Celery Plants. Winter Queen, Golden Self Bleaching, White Plume or Giant Pascal Transplanted plants. Price, doz. 15 cts.; 100, 75 cts.

Cabbage Plants. Early plants before June 10. Price, doz. 15 cts.; 100, 75 cts.

Cabbage Plants. Field grown after June 15. Winningstadt, All Head, Flat Dutch, Danish Ball Head, Savoy or Red Dutch. Price, doz. 10 cts.; 100, 30 cts.; 1,000, $2.00.

Asparagus Roots. Conover's Colossal, Barr's Mammoth and Palmetto.
Price, $1.00 per 100; $6.00 per 1000, by express only.

Rhubarb, *Monarch.* Those who have been accustomed to the ordinary Rhubarb will be surprised at the extraordinary size, tenderness and juiciness of this new variety. Give it good rich treatment and you will have Rhubarb the envy and admiration of your neighbors. Price 25 cts.

HARDY VINES.

CLEMATIS PANICULATA.

Clematis Paniculata, *Japanese Virgins' Bower.* One of the most beautiful of our hardy flowering vines. The flowers are pure white, and are borne in great panicles or clusters of bloom, fairly covering the plant, so that it is a mass or sheet of fleecy white. These clusters are borne on long, slender stems, which stand out boldly from between the glossy green leaves. The fragrance is delicious, resembling the "English Hawthorn" blossoms, and is so subtle and penetrating that a large plant in bloom will fill the air with fragrance. It begins to bloom late in August or early in September, at a time when most other hardy climbers are out of bloom. It is perfectly hardy in all sections of the country.
Price, 2-year, 25 cts.; extra, 3-year, 40 cts.

Wisteria, *Sinensis.* A magnificent climber, with a rich foliage, and long racemes of very fragrant, lilac flowers. Price, extra large plants, 50 cts.

Ampelopsis Veitchi, *Boston Ivy.* Grows rapidly as the old "Virginia Creeper," and attains a height of fifty feet. It clings firmly to any wall, tree, etc. The leaves are small on young plants, which at first are of an olive green-brown color, changing to bright scarlet in the autumn. As the plant acquires age the leaves increase in size. It is without question one of the very best climbing plants for covering brick brick or stone wall.
Price, small, 15 cts.; 2-year, 25 cts.; 3-year, 40 cts.

Ampelopsis Quinquefolia, *Virginia Creeper.* A very rapid grower, with large, dark green foliage, which changes in the fall to scarlet. A very desirable vine for covering arbors, verandas, etc. Extremely hardy. Price 10 cts., 25 cts. and 50 cts. each.

Dutchman's Pipe, *Aristolochia Sipho.* A magnificent hardy vine of rapid growth, with very large, heart shaped leaves, and brownish flowers resembling a miniature pipe. Splendid for verandas, etc.
Price 50 cts.

Honeysuckle, *Halliana.* One of the sweetest and most beautiful Honeysuckles; flowers buff-yellow, passing to white, deliciously sweet.
Price 15 cts. each; strong roots, 30 cts.

WISTERIA SINENSIS.

So. ROYALTON, VT., April 13, 1907.—*L. P. Butler & Co.* Dear Sirs: I received my order of plants and am very, very much pleased with them. Sincerely yours, MRS. W. A. SANBORN.

ORWELL, VT.—*L. P. Butler & Co.* Sirs: The plants procured of you last season gave great satisfaction. Yours truly, L. AGNES MERCURE.

BULBS AND BULBOUS PLANTS.

FANCY CALADIUM.

Caladium, *Fancy Leaf.* These have become very popular of late years, not only as splendid pot plants, but they may be planted out after the ground is well warmed, provided they are sheltered from strong winds and given plenty of water. We have them in a great variety of fancy colors, some being marbled and spotted, others being veined and striped with bright colors in many fanciful ways.

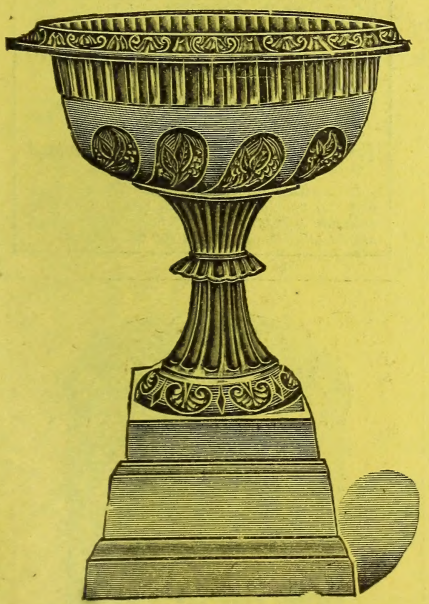
Price 20 cts. each; 3 for 50 cts.

Tuberose, *Excelsior Pearl.* This is the best double Tuberose in cultivation, grows about eighteen inches high, blooms early and bears immense spikes of large pure white, perfectly double flowers. They are among the sweetest and most beautiful flowers grown. Do not plant before ground is warm, as they cannot bear much cold. Price, 3 cts. each; 30 cts. per doz.; largest selected bulbs, 5 cts. each; 50 cts. per doz., postpaid.

Calla, *Godfrey.* One of the most refined and beautiful types of the whole Arum family. Flowers as white as snow, very smooth and velvety in texture and of perfect form. This splendid Calla is extremely free in blooming, giving double the blooms that other varieties do. Price 15 cts., 25 cts., 50 cts. each.

Gloxinia Tubifolia. This is far different from ordinary Gloxinias, being a plant of erect branch-habit produced from a strong bulb or tuber. The flower stems rise to a height of two feet, each bearing several large pure white blossoms, four inches long and of a peculiar fascinating fragrance. Price 20 cts.

Gladiolii, *Gilt Edge Mixture.* We offer an extra fine mixture composed of all classes including Groff's finest hybrids, Childsii, Lemoineii and some of the best strains in the country. If you want the finest assortment of colors try this mixture. Price 35 cts. per doz.; $2.00 per 100.

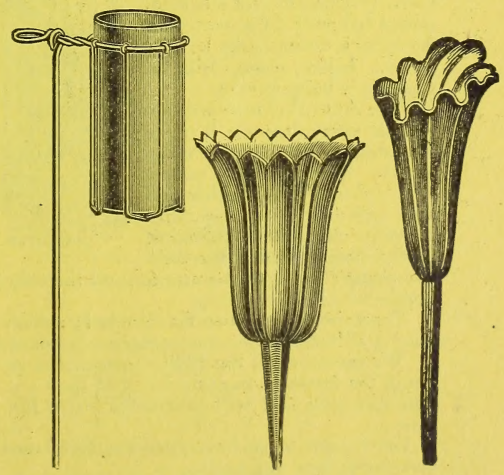


BERLIN CEMETERY VRSE.

VASES FOR CEMETERIES.

Berlin Cemetery Vase. These improved reservoir vases are so constructed that after once watering the earth is kept moist a long time, at the same time the roots of the plants do not come in contact with the water underneath, and still leaves ample room for soil and roots of plants. We have these in five sizes. Write us for prices.

BOUQUET HOLDERS.



CUT NO. 1. CUT NO. 2. CUT NO. 3.

The Simplicity Bouquet Holder. (Cut No. 1,) is made of tin, painted green, with holder of galvanized wire and can be placed anywhere on a grave. Price 15 cts. postpaid.

The Tulip Bouquet Holder, (Cut No. 2,) is made of cast iron, greened and bronzed and is indestructable. Three sizes, at 25 cts., 35 cts., 50 cts. Can be sent only by express.

Lily Bouquet Holder, (Cut No. 3,) is same as the Tulip Holder except in shape. Three sizes, at 35 cts., 50 cts., and 60 cts. each. Can be sent by express only.

BROWN AUTO-SPRAYERS.

GET THIS SPRAYER

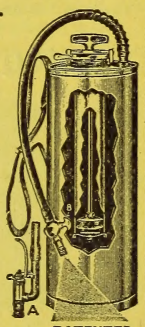
We recommend above all other hand sprayers made the Auto-Sprayer No. 1. It has a capacity of 4 gallons and sufficient power to throw a strong spray to the tops of high trees, perfectly adapted to spraying all sorts of field crops, also poultry houses, etc. It is the next best thing to a traction sprayer.

Just suited to the man with 5 acres or less of garden.

Sprays 10 minutes on 8 or 10 strokes of the piston.

A mistlike spray or stream as desired. Sprays whitewash, heavy oil emulsions, or any kind of insecticides.

Built to last forever and guaranteed to satisfy or money refunded. When fitted with the Auto-Pop nozzle (A) not a drop of solution is wasted and much labor is saved, as the spray is automatically shut off between bushes, plants, hills, or whatever is being sprayed.



PATENTED.

The Auto-Pop is so arranged that every time the lever is operated a disgorger stem passes through the nozzle which cleans it thoroughly and automatically. This positively prevents clogging or chocking of the nozzle, and is the only automatic cleaner on the market, and the only nozzle which cannot clog.

Conveniently carried over the shoulder by a strap. Used by all State and Government experiment stations.

We recommend the BRASS machines as being the cheaper, considering that they are non-corrosive and will practically last a life time.

Get this sprayer fitted with Auto-Pop Nozzle and save money, time and trouble.

Diameter of tank, 7 inches, height 2 feet, capacity 4 gallons. Weight when empty, 7 lbs., when loaded, 39 lbs., packed for shipping 12 lbs.

At the following Prices

Auto-Spray No. 1 A, Brass tank with Stop-Cock	$5.50
Auto-Spray No. 1 B, Brass tank, with Auto-Pop	6.50
Auto-Spray No. 1 C, Galvanized tank with Stop-Cock	4.50
Auto-Spray No. 1 D, Galvanized tank, with Auto-Pop	5.50
Extension Pipe for Auto-Spray No. 1, Solid Brass, 2 ft. length, each	.35
Elbow Extension for Auto-Spray No. 1, Solid Brass	.35
Strainer for Auto-Spray No. 1, Solid Brass	1.00

KILLS
Sulpho-Tobacco Soap
INSECTS

A Wonderful, Inexpensive Insecticide

Destroys cabbage-, squash- and potato-bugs, currant-worms, lice, green-fly, mealy bug, red spider, etc. Sure death to all plant insects indoors and out-of-doors. Of special value for spraying shrubs, fruit-trees and vines. Produces luxuriant roses if bushes are sprayed liberally before blooming-time.

3-oz. Cake makes 1½ gallons prepared solution. **10 cents. Mailed, postpaid, for 13 cents.**

8-oz. Cake makes 4 gallons prepared solution. **20 cents. Mailed, postpaid, for 28 cents.**

10-lb. Cake makes 80 gallons prepared solution. **By Express, $3.00.**

Free with every order, "The Window Garden," a booklet by Eben E. Rexford, giving valuable information on the cultivation of plants and the extermination of insects.

The best fertilizer for house plants. It is odorless, clean to handle, quick in its action and unequalled in its effects. Inside of each tin is a small measure. Price 15½ cts. per can, or 23 cts. by mail postpaid.

CUT FLOWERS AND FLORAL DESIGNS.

We are prepared to furnish seasonable cut flowers for all occasions. We also make a specialty of funeral designs, which our experience and facilities fully enable us to execute in the very best manner, and at most reasonable prices. We respectfully solicit your orders. Orders by mail, telegraph or telephone promptly filled. Flowering Plants for Christmas, Easter and other Holidays. We have on hand at these times large specimen flowering plants and palms of all kinds for decorative and gift purposes. When in need of same, we invite correspondence.
